RAILWAYS.

(*Denotes that this work is advertised in Engineering News.)

NEW YORK.—The New York Public Service Commission has ordered the elimination of the grade crossing of the Delaware, Lackawanna & Western R. R. in the town of Sangerford, N. Y., directing that the Elmira, Corning & Waverly R. R. Co., now under construction, shall cross the Erie R. R. in the town of Corning in an undercrossing, and determined that Bridge St., in the town of Geddes, N. Y., shall cross the New York Central and the West Shore tracks on a steel structure.

PENNSYLVANIA.—Pittsburg & Lake Erie R. R. According to press reports, agents of this company are buying a right-of-way between Elwood City and Koppel, the understanding being that a new line will be built along that route, to extend the main line to Franklin. J. A. Atwood, Pittsburg, Pa., is Ch. Engr.

GEORGIA.—Southern Ry.—The construction of 32 miles of second track between Atlanta and Gainesville, Ga., has been authorized. It is proposed to continue the use of the existing track from Armour, six miles north of Atlanta, to Crosskeys, a distance of five miles, as a single track gauntlet. Double track will be constructed from Crosskeys to Duluth, a distance of 15 miles. From Duluth to Suwanee, five miles, the existing track will be operated as a single track gauntlet, and 17 miles of double track will be built from Suwanee to Oakwood. D. W. Lum, Washington, D. C., is Ch. Engr.

✦ALABAMA.—Tuscaloosa Mineral R. R.—Contracts have been awarded for the first 18 miles of line from Tuscaloosa as follows: VANCE CONSTRUCTION CO., Tuscaloosa, Ala., one mile of line in the city of Tuscaloosa; W. L. WATSON, Tuscaloosa, Ala., from the Tuscaloosa city line to Hurricane Creek, six miles; DUNN & LALLANDE, Birmingham, from Hurricane Creek to Brookwood, eleven miles. Noted March 10.

TENNESSEE.—New Orleans, Mobile & Chicago R. R.—Arrangements are being made to build from Middleton to Jackson, Tenn., about 40 miles. Noted May 4.

KENTUCKY.—Chicago, Memphis & Gulf R. R. Contracts will soon be let for an extension to Clinton, 15 miles. S. G. Latta, Dyersburg, Tenn., is Pres. and Gen. Mgr. Noted May 4.

✦KENTUCKY.—Louisville & Nashville R. R.—A contract involving $350,000 has been let to BUFFAT & NIPPER, Knoxville, Tenn., to build an extension of the Lexington & Eastern from Whitesburg, Ky., to Dryfolk, six miles. The work is mostly through rock.

✦OHIO.—Erie R. R.—Contracts have been let for second track construction as follows: Cincinnati division, Milton to Summit, six miles, and between Creston and I. M. Tower, nine miles, to BATES & RODGERS, Chicago; West Salem to Polk, five miles, to FERGUSON & EDMONDSON, Brookville, Pa.; Barberton to Sherman, three miles, and Tallmadge to Hills, three miles, to ROBERT GRACE CO., Cleveland.

MONTANA.—Chicago, Milwaukee & Puget Sound R. R.—A mortgage for $15,000,000 has been given by the Great Falls Townsite & Power Co. Of the loan $4,000,000 will be used to cover bonds issued for the development of the Rainbow Falls power site, now in operation, and $4,000,000 for the construction of a power plant at Great Falls. The remaining $7,000,000 will be used to electrify 120 miles of the St. Paul road to be built from Lewiston to Great Falls.

MISSOURI.—Missouri Pacific Ry.—Definite announcement has been made by the new president, B. F. Bush, that the lines of this company will be rehabilitated. This work will cover a period of a number of years. No plans have been made as to what work will first be taken up. The company has recently arranged for $25,000,000 to be obtained through 3-year notes.

TEXAS.—The railroad contracting firm of P. M. Johnson & Co., St. Elmo, Ill., which constructed the St. Louis, Brownsville & Mexico R. R. and extensions of the Frisco system in Texas, is promoting the construction of a railroad from Bloomington to Victoria. It will practically be an extension of the branch line of the Frisco that runs from Bloomington to Port O'Connor. An old grade that was built a few years ago between Bloomington and Cuero, via Victoria, will be utilized by the proposed road. The people of Victoria have subscribed a bonus of $30,000 in aid of the proposed road.

TEXAS.—The Sugarland Ry. This company has just amended its charter to provide for the construction of about 100 miles of additional track. The proposed extensions will run north and south. The road at present runs between Sugarland and Arcola, 14 mile. The northern extension will run from Sugarland to Hempstead, about 65 miles, traversing the valley of the Brazos River. From Arcola a southern extension will be constructed to a connection with the St. Louis, Brownsville & Mexico R. R. at a point between Angleton and the Brazos River, a distance of about 35 miles. Many large sugar cane plantations are located along the route of the proposed extensions. W. T. Eldridge, Sugarland, Tex., is Pres.

TEXAS.—Kansas City, Mexico & Orient Ry. of Texas.—This company has just signed a contract with the people of Alpine whereby it agrees to begin the construction of that portion of its line between this town and Fort Stockton by July 1 and to complete the division within 18 months. A bonus of $25,000, free depot grounds and right-of-way through the town are donated the road. The distance between Fort Stockton and Alpine is about 75 miles. The road will soon be finished to the former place from San Angelo. It will cross the Southern Pacific at Alpine. From this place to the proposed crossing on the Rio Grande, six miles below Presidio del Norte, is about 85 miles. Considerable heavy construction work will be encountered in this last stretch of road. C. H. Webster, Sweetwater, Tex., is Ch. Engr.

✦ONTARIO.—Canadian Northern Ry.—The company has awarded contracts for the construction of its line from Toronto to Ottawa: A. SINCLAIR, completion of the section between Toronto and Belleville; J. P. MULLARKEY, contruction between 164 and 180 mile posts, and between 200 and 250 mile posts, including blasting and tracklaying on 180th to 200th mile posts; E. MACKENZIE, 180th to 200th mile post. The contract of Mr. Mullarkey covering grading, fencing, tracklaying and ballasting. Sir Donald Mann, Vice-Pres., announces that work will commence at once and the whole line will be completed and in operation in one year, while the section from Toronto to Belleville will be ready for operation in September.

ELECTRIC RAILWAYS.

(✦*Denotes a contract awarded.*)

BUFFALO, N. Y.—The International Traction Co. has been granted a franchise to extend its tracks on Abbott Road, between Cazenovia St. and the city line in Buffalo. Thomas Penney, 820 Ellicott Square, Buffalo, is Pres.

NIAGARA FALLS, N. Y.—Franchises have been applied for by the Niagara Frontier Ry. Co. to build a railway from Niagara Falls to Ft. Erie. George H. Pettit and William C. Perkins represented the company.

WATERTOWN, N. Y.—The Black River Traction Co., has received a franchise, it is stated, to lay its tracks on Washington St.

WHITE PLAINS, N. Y.—A franchise has been granted to the Hudson River & Eastern Traction Co. to extend its line in White Plains. O. G. Bennett, Ossining, is Pres.

CARLISLE, PA.—The Cumberland Ry. Co. has received a franchise to build a line from Carlisle to Newville. W. F. Pascoe, Carlisle, is Gen. Mgr.

ELIZABETHTOWN, PA.—The Middletown & Elizabethtown Ry. Co. has been organized to build a road from Elizabethtown, Lancaster County, to Middletown, Dauphin County. A mortgage for $350,000 has been placed on record at Lancaster. At Elizabethtown the road will connect with the line of the Conestoga Traction Co., and at Middletown connection will be made with the line to Harrisburg.

SUMMITHILL, PA.—The Lehigh Coal & Navigation Co. has secured a charter for the construction of an electric railway from Summithill to Mauch Chunk.

PHILADELPHIA, PA.—The Southwestern St. Ry. has been taken over by a new corporation known as the Philadelphia St. Ry. The new company will re-equip the railway, enlarge its power-house, rehabilitate the track and overhead construction. The incorporators are Edwin Wolf, Louis Wolf and Benjamin Wolf, of Wolf Bros., Bankers; Isaac H. Silverman, William A. Stern and Alvin W. From, of Stern & Silverman, Elec. Engrs., and Charles F. Wagner, Jr. The officers are Isaac H. Silverman, Pres.; Benjamin Wolf, Treas., and Alvin W. From, Secy.

MIDDLETOWN, PA.—Elizabethtown will be connected with this city by a line for which $350,000 has been loaned to the Middletown & Elizabethtown St. Ry. Co. Dr. H. K. Blough, Elizabethtown, is Pres.; F. H. Alleman, Summit, N. J., is Secy.

GASTONIA, N. C.—The North Carolina Interurban R. R. Co. has filed articles of incorporation and proposes to build a line from Gastonia to Asheville by way of Rutherfordton, where the office of the company is located. Surveys have been made.

CHARLOTTE, N. C.—The North Carolina Interurban Ry. Co. has been chartered to build an electric railway from any point on the Atlantic seaboard to Asheville and to connect Charlotte, Gastonia, Dallas, Cherryville, Shelby, Boiling Springs, Rutherfordton, Chimney Rock, Fairview and Asheville, about 125 miles. This company was formerly known as the Isothermal Traction Co., Rutherfordton. John C. Mills, L. L. Jenkins, Geo. L. McKay, Rutherfordton, and others are the incorporators.

ALBANY, GA.—A franchise has been granted by the City Council granting a group of local capitalists the right to build a street railway in this city. C. W. Rawson is interested.

ALABAMA CITY, ALA.—A plan to build a line connecting Attalla, Gadsden & Alabama City, is being promoted. A franchise has been granted to B. T. Head and associates to lay tracks through this city.

NASHVILLE, TENN.—The Nashville Gallatin Interurban Ry. Co., will begin next month to build a 30 mile railway between Gallatin and Nashville. H. H. Mayberry Franklin, Tenn., is Pres. Noted Jan. 26.

LEXINGTON, KY.—The Kentucky Traction & Terminal Co. has been formed by the consolidation of the Lexington Ry. Co., the Bluegrass Traction Co. and the Central Kentucky Traction Co. Extensions and new lines to adjacent towns and cities are contemplated. The right to construct a line to Winchester, and through Winchester to Mt. Sterling; a line to Richmond; to extend the present Frankfort line to Lawrenceburg, Shelbyville and Owenton; the Paris line to Cynthiana; the Nicholasville line to Lancaster and through there to Danville and from there to Harrodsburg are included in the privileges claimed under the new charter. Percy M. Chandler, Howard A. Leeb, Gustavus W. Cook, John A. McCarthy, John Blair MacAfee, F. W. Bacon, Richard C. Stoll, B. M. Arnett, J. R. Downing, J. N. Camden, Charles E. Hoge, Charles N. Manning, J. E. Bassett, Desha Breckinridge and Levering Jones are interested.

KOKOMO, IND.—The Kokomo, Marion & Western Traction Co. is asking for bids for the construction of a line between Kokomo and Terre Haute. T. C. McReynolds, Kokomo, is Mgr.

VINCENNES, IND.—Three traction companies—the Vincennes, Washington & Eastern, the Vincennes Interstate and the Vincennes North & South Traction Companies are each ready to let contracts for the construction of lines and bridges. Funds have been voted for this purpose.

GRAND RAPIDS, WIS.—An interurban system is contemplated by the Chicago & Wisconsin Valley Co., which will connect Rothschild with the Grand Rapids electric line now operating along the west banks of the Wisconsin River as far as Nekoosa.

PERRY, IOWA.—B. C. Dilenbeck is promoting a railway system in this city. A franchise has been placed before the Commercial Club for a formal reading and to be then submitted to the citizens.

HASTINGS, MINN.—The Interurban Construction Co. has filed articles of incorporation with the Secretary of State and will build a line from Hastings to Cannon Falls and Pine Island, ending at Rochester. Edward Feldhauser, St. Paul, is one of the incorporators.

CHERRYVALE, KAN.—Preliminary surveys are being made by F. S. Hathaway, Engr. in Charge of the proposed interurban railway connecting Cherryvale and Parsons going by way of Mortimer and Dennis. D. H. Siggins is Supt.

CHAMBERLAIN, S. DAK.—The South Dakota Interurban Ry. which has projected a railway from Chamberlain to Sioux City by way of Bijou Hills, is expecting to start construction work within a short time, according to W. E. Miller, Academy, S. Dak., who is Pres.

NEWTON, ARK.—The Arkansas Valley Interurban Ry. Co., has been granted a franchise to build a line through Newton. Sedgwick, Newton and Halstead will be connected by this line. O. A. Boyle, Wichita, Kan., is Gen. Mgr.

LITTLE ROCK, ARK.—The Little Rock, Pine Bluff & Eastern Traction Co. has filed articles of incorporation for the purpose of building a railway between Little Rock and Pine Bluff, touching at several intermediate points following the general course of the St. Louis Southwestern R. R. on the east side of the Arkansas River. Power and light will be furnished to towns along their route. Coburn C. Kavanaugh is Pres., T. M. Mehaffy is Secy., and E. W. Jackson is Treas.

BOGATA, TEX.—The Paris & Mount Pleasant Ry. Co. has recently secured a loan of $300,000 bonds to be expended for the construction of a railway from this city to Mount Pleasant.

BROWNWOOD, TEX.—A plan to extend the Brownwood North & South R. R. Co. to Rising Star is under consideration.

GREENVILLE, TEX.—The Mineral Heights Traction Co. has been organized for the purpose of constructing an interurban railway between Greenville and Mineral Heights, about two miles. The officers are, A. R. Nicholson, Pres.; J. E. Morris, Vice-Pres., J. W. Castleberry, Secy., and A. F. De Fee, Treas.

PALESTINE, TEX.—Tucker Royall and associates are promoting the construction of an electric street railway system here.

HOUSTON, TEX.—An interurban line that will connect Houston, La Porte, and Sylvan Beach, is being promoted. W. E. Uhl, Stevens Point, Wis., J. S. Tauberg, Eau Claire, Wis., and B. B. Park, Stevens Point, Wis., have recently been at Houston inspecting preliminary surveys. It is understood that the Uhl Construction Co., Stevens Point, has the contract for building the new line for the Houston Bay Shore Traction Co.

SAN BENITO, TEX.—It is stated by S. A. Robertson, San Benito, promoter of the San Benito Interurban Ry. Co., that the line owned by this company will be extended to Santa Marta and that an additional 30 miles of main track will be constructed upon the land of the San Benito Land & Water Co.

DENVER, COLO.—The Colorado Interurban Co. has authorized a bond issue of $6,000,000, of which $3,000,000 will be issued at present to build an interurban railway from Denver to Greeley. Irving Hale, Mgr. of the General Electric Co., is Pres., Eben N. Reaser is 1st Vice Pres.; D. E. Young is 2d Vice Pres.; O. S. Storrs is Secy.; E. E. Armour is Treas. The directors are as follows: James W. Owen, Dr. Clarkson N. Guyer, James Leonard, William H. Davis and Emile F. Riethmann.

BOISE, IDAHO.—Articles of incorporation have been filed by the Boise Council Landore R. R. Co. Preliminary surveys have been made through Adams County. E. W. Bowman, John M. Haines of the W. E. Pierce real estate firm, are the incorporators. J. D. S. Manville, Harry Wyman and Gen. Huebener, all of Boise, are interested.

FRESNO, CAL.—Application for a franchise to operate a railroad in the city streets will be made within 30 days by the Fresno, Coalinga & Tidewater R. R. Co.

✦GLENDALE, CAL.—The contract for building an extension from Arden Ave., Glendale, to the city limits of Burbank, about four miles, has been awarded to ROBERT SHERER & CO., 650 Pacific Electric Bldg., Los Angeles, to be built by the Pacific Electric Ry. Co., of which George E. Pillsbury, Sixth and Main Sts., is Ch. Engr. Noted May 18.

RIVERSIDE, CAL.—A franchise has been applied for by the Pacific Electric Ry. Co., to build a railway between the city limits of Riverside and the Orange County border line. George E. Pillsbury, Sixth and Main Sts., is Ch. Engr.

SAN JOSE, CAL.—The Peninsular Ry. Co. is planning to build a 15-mile suburban loop on the Western side of the Santa Clara Valley touching San Jose, Santa Clara and Hacienda. The franchise has not been applied for as yet. F. E. Chapin, 143 South Market St., San Jose, is Gen. Mgr. Charles A. Nones, Pres. of the New Almaden Quicksilver Mining Co., J. L. Mosher, James Cooney, R. Baker, H. B. Kooser, S. Pfeiffer, Henry Schumann, W. C. Columbet, H. N. Holthouse and W. D. Greenwald, are interested.

BERKELEY, CAL.—The Oakland Traction Co. has been granted a franchise to extend its Euclid Ave. line north to the hills and to extend its Bay View Ave. line east to Euclid Ave. M. F. Kelly, 710 San Pablo Ave., Oakland, is Gen. Mgr.

MODESTO, CAL.—The San Joaquin Valley Electric Ry. Co. has received a franchise from the Trustees to build a railway from Modesto to Stockton.

OAKLAND, CAL.—The Oakland Traction Co. has been granted a franchise from the City Council to extend its lines from E. 10th St. to Ygnacio Ave., and for a line along Market St., from San Pablo Ave. to 55th St. W. F. Kelly, 710 San Pablo Ave., Oakland, is Gen. Mgr.

✦SAN FRANCISCO, CAL.—The Board of Public Works has awarded a contract to the PENNSYLVANIA STEEL CO., for special steel work for the construction of the Geary St. municipal electric line at $45,713. The STANDARD UNDERGROUND CABLE CO., Pittsburg, Pa., will furnish 20 reels of copper wire.

HAMILTON, ONT.—The Dominion Power & Transmission Co. is making a survey for an electric railway line from Hamilton to Galt. The tracks of the present Brantford & Hamilton Electric Ry. will be used as far as Langford. A loop will be constructed. William C. Hawkins, Terminal Bldg., Hamilton, is Ch. Engr.

MEDICINE HAT, ALTA.—The Alberta Electric R. R. Co. contemplates the construction of a road between Medicine Hat and Banff.

LIGHT AND POWER PLANTS.

(*Denotes that this work is advertised in Engineering News.*)

✦BOSTON, MASS.—A contract has been awarded to the EDISON ELECTRIC & ILLUMINATING CO. for 2,000 lights. The contract price is $22.31 per lamp. L. K. Rourke is Comr. Pub. Wks.

GREENFIELD, MASS.—Preliminary plans for two dams on the Deerfield River, east of the Gardner Falls power plant of the Greenfield Electric Light & Power Co. have been filed by Chace & Harriman, who have been securing water rights. The plans call for two concrete dams, one about one mile east of the Gardner Falls dam, and the other just west of Dragon Brook.

✦HOLYOKE, MASS.—CASPER RANGER, of this city, has secured the contract for the erection of a new power-house and engine-room at the plant of the Crocker division of

the American Writing Paper Co. on Canal St. It will be built of brick, 40 × 60 ft., two stories high. The WALSH STEAM BOILER WORKS has the contract for the steel work.

COSCOB, CONN.—The New York, New Haven & Hartford R. R. will enlarge its power house here to double its capacity. Four 4,000-KW. generators will be installed.

✚HARTFORD, CONN.—The contract for the construction of a gas holder has been awarded by the Hartford City Gas Light Co. to R. D. WOOD & CO., Philadelphia, Pa.

✚WATERBURY, CONN.—Contracts for the erection of a power-house for the Mattatuck Mfg. Co. on East Main St. have been awarded as follows: Concrete foundations, YOUNG CONCRETE & CONSTRUCTION CO.; mason work, GEORGE S. CHATFIELD CO.; carpenter work, TRACY BROS. CO., all of Waterbury. The building will be of brick, 24 × 44 ft. E. E. Benedict, 51 Leavenworth St., is Arch.

NEW YORK, N. Y.—Bids will be received by C. B. J. Snyder, Park Ave. and 59th St., Supt. School Bldgs., until May 29 for repairs, alterations and additions to the electric equipment in Schools Nos. 4, 20, 24, 31, 32, 34 and 35, Boro. Bronx, and Schools Nos. 39 and 163, Boro. Manhattan.

✚YONKERS, N. Y.—The Board of Education, of which John H. Claxton is Secy., has awarded to F. G. SANFORD & CO. the contract for installing a lighting and ventilating plant in the addition to School No. 5 at $4,302, and $4,341 for No. 8.

PHILADELPHIA, PA.—Bids will be received by Lt.-Col. Chauncey B. Baker, Quartermaster's Office, 26th St. and Gray's Ferry Road, Philadelphia, until 11 a. m., June 9, for furnishing and installing one 200-HP. water-tube boiler. Blanks for proposals and full information may be had at the office.

ANNAPOLIS, MD.—Bids will be received at the Bureau of Supplies and Accounts, Navy Dept., Washington, D. C., until 10 a. m., May 31, to furnish at Naval Academy, Annapolis, a quantity of electrical conductor, arc lamp posts, steel conduit, outlet and switch boxes, vitrobestos pipe covering, steel or wrought-iron pipe, gate valves, cast-iron tees. Applications should refer to Schedule 3581. Blanks and further information may be had at the navy pay office, Baltimore, Md., or at the Bureau. T. J. Cowie, Paymaster-General, U. S. N.

FORT HOWARD, MD.—Bids will be received at the office of the Constructing Quartermaster, Fort Howard, until 11.30 a. m., June 12, for constructing electric light plant and electric lighting system. Lieut. A. A. Terry is Const. Q. M., U. S. A.

RICHMOND, VA.—Electric pumps to be connected with standpipe service will be installed at the old pumphouse by the city, to cost about $16,000. Charles E. Bolling is City Engr.

✚RICHMOND, VA.—James Knox Taylor, Supervy. Arch., Treasury Dept., Washington, D. C., has awarded a contract for wiring the Richmond post-office to ATLANTIC ELECTRIC CO., INC., Norfolk, Va., at $7,924.

RADFORD, VA.—The Dominion Power Co., Radford, has been chartered by the State Corporation Commission. The company proposes to operate water, electric, steam and other power plants at that place. The officers are J. J. Mott, Pres., Statesville, N. C.; J. Edgar Walters, Secy.-Treas., Radford, Va., and Marion Butler, Elliott, N. C.; Henry K. McHarg, Jr., Radford, and T. S. Mott, Hickory, N. C., are the incorporators.

DOUBLE SHOALS, N. C.—The Double Shoals Cotton Mills are planning to improve their water-power plant. James Leffel & Co., Springfield, Ohio, are Engrs.-in-Charge.

DECATUR, ALA.—The electrical power of the New Decatur shops of the Louisville & Nashville R. R. Co. in New Decatur will be doubled, according to a statement just given out by Mr. Sterns, mechanical engineer for the railroad company, with headquarters in Louisville, Ky.

GALLATIN, TENN.—No contract was let on May 5 for supplying the city with one Corliss engine, two 100-KW., 3-phase, engine-type generators, two marble switchboards and two electrically-operated pumps of 500 gals. capacity per minute. Specifications will be changed and new bids called for. E. L. Anderson is Chn. of Water and Light Comn.

LEXINGTON, KY.—The Kentucky Traction & Terminal Co. has plans for a power-house to furnish power for operating its lines. The estimated cost is $500,000. This company has recently been formed and will take over all the electric lines in and around Lexington.

BARBERTON, OHIO.—One bid was received by the municipality of Barberton for lighting the streets of the city submitted by the Sun Vapor Street Light Co., Canton, at $19.81 a light each year.

✚FRANKLIN, OHIO.—The contract for building a power house and adjacent buildings has been awarded to W. S. ROOF CO., Middletown, by the Franklin Paper Coated Co.

Advance contracts have been secured already, sufficient to run the plant for several months after it begins business. The officers of the company are: John J. Maloney, Pres.; J. J. Fisher, Vice Pres., and Wallace Symmes, Secy. and Treas.

GREENSPRING, OHIO.—D. M. Scott has been granted a franchise for 25 years to operate an electric light and power plant.

PLEASANT CITY, OHIO.—The Midland Power & Traction Co. will extend its lines to Pleasant City in the near future. W. A. Gibbs, Cambridge, Ohio, is Gen. Mgr.

✚MADISON, IND.—The contract for the plumbing and heating system to be installed in the new High School building has been awarded to J. J. QUINN, Madison. There were five other bidders as follows: J. J. Quinn, $19,513; Carson & Payson, Danville, Ill., $19,582; Lane Pike, Lafayette, $20,724; Johnson, Indianapolis, $29,000.

TERRE HAUTE, IND.—The Citizens' Heating Co. is preparing to apply for a heating plant to be located on Tippecanoe St.; also the laying of mains in Tippecanoe St.

DETROIT MICH.—See item under Manufacturing Plants.

ROCK ISLAND, ILL.—Bids will be received at the office of the Commanding Officer, Rock Island Arsenal, Ill., until June 6, under circular 302, for furnishing induction motor, polar wound, slip-ring type. For further information address the commanding officer, Rock Island Arsenal, Ill.

✚OCONOMOWOC, WIS.—The contract for building a concrete dam and power plant to be erected on the Okauchee Lake property of Henry Schoelkopf, of Milwaukee, has been awarded to J. NELSON & CO. The dam is estimated to cost $25,000.

FAITH, S. DAK.—Mills & Harrington will construct a 100-KW. electric light, heat and power plant at an approximate cost of $10,000. Steam equipment is needed. M. E. Brookman, Eagle Butte, S. Dak., is Engr.

FULTON, MO.—Bids will be received by John H. McDonald, Secy. Bd. Mgrs. State Hospital No. 1, until 4 p. m., June 13, for the general work of remodeling heating system, consisting of furnishings and installing new radiators and necessary piping, etc. Plans and specifications may be had at the office of Charles Strong, Ch. Engr., at the hospital.

ST. LOUIS, MO.—The Arcadia County Club will construct a dam and hydro-electric plant to cost $50,000. Dixon-Smith Engineering Co., 818-820 Wright Bldg., St. Louis, Mo., are the Consulting Engrs. Henry C. Muskoff is the Landscape Engr.

✚CHILLICOTHE, MO.—Bids were opened, May 8, for constructing an electric light plant from plans of Fuller-Coult Co., of St. Louis, and contracts have been awarded as follows: To J. E. MEEKS, Chillicothe, for Section 1, machinery and building foundations, $2,015, and Section 4, boilers and equipment, $5,274; To JOHN GIER, Chillicothe, for Section 2, power house building, $5,740; to Metal Concrete Chimney Co., St. Louis, for Section 3, brick and concrete chimney, $1,440; and to the SQUIRES ELECTRIC CONSTRUCTION CO., Kansas City, for Sections 5, 6, 7, 8, 9 and 10, to consist of pipe work and steam specials; two 4-valve steam engines, 100-220-HP.; two generator exciters; regulators and rectifiers, 400 KVA.; pole line, complete; 1,000 ft. 8-in. deep well for water supply, and 5,000-gallon tower and tank; lump sum of $30,405. Noted on April 27.

NEW BRAUNFELS, TEX.—The City Council has adopted the preliminary plans for the W. K. Palmer Co., Kansas City, Mo., for the construction of a large reinforced-concrete dam across the Guadelupe River near here. The proposed dam will be for the purpose of affording the initial power for operating a large hydro-electric plant which the city will install.

LAS CRUCES, N. MEX.—Bids were received on May 15 at the office of the U. S. Reclamation Service, Los Angeles, Cal., for furnishing a steam power plant for Rio Grande Project, New Mexico-Texas as follows: General Electric Co., Schenectady, N. Y., No. 1, $18,200, No. 1a, $9,100, No. 2, $2,200, No. 3 $1,500, No. 3a $280, No. 10 $12; W. E. Anderson, El Paso, Tex., No. 4 $8,500, No. 4a $1,250, No. 5 $8,000, No. 5a $4,300, No. 6 $9,996, No. 6a $2,332, No. 7 $041.30, No. 8 $759.60, No. 9 $12,940, No. 9a $3,590; M. L. Bayard & Co., Philadelphia, Pa., No. 1 $21,000, No. 1a $10,500, No. 2 $2,840, No. 3 $1,920, No. 3a $240, No. 5 $6,825, No. 5a $3,400, No. 6 $12,800, No. 6a $3,600, No. 7 $370, No. 8 $670, No. 9 $16,000, No. 9a $3,200, No. 10 $12; No. 11 $12, No. 12 $12; Henry R. Worthington, 115 Broadway, New York, N. Y., No. 4 $10,118, No. 4a $5,029, No. 5 $9,556, No. 5a $4,778, No. 7 $845, No. 8 $400, No. 11, $15; Allis-Chalmers Co., Milwaukee, Wis., No. 1 $18,400, No. 1a $9,200, No. 3 $1,730, No. 3a $325, No. 10 $10; Charles C. Moore & Co., San Francisco, Cal., No. 1 $19,600, No. 1a $9,800, No. 2 $2,200, No. 3 $1,670, No. 3a $300, No. 4 $9,398, No. 4a $4,685, No. 5 $9,500, No. 5a $4,737, No. 6 $11,100, No. 6a $3,855, No. 7 $740, No. 8 $720, No. 9 $25,500, No. 9a $10,900, No. 11 $13, No. 12 $13; Fort Wayne Electric Co., Fort Wayne, Ind., No. 3 $1,808, No. 3a $283; Walker Electric Co., Philadelphia, Pa., No. 3 $2,287, No. 3a $430.

✚BOISE, IDAHO.—The Secretary of the Interior has awarded the following contracts for furnishing electrical apparatus for use in building the Arrow Rock dam, Boise irrigation project, Idaho: The ALLIS-CHALMERS CO., Milwaukee, Wis., three alternators, four auxiliary transformers, and air compressor; contract price, $19,450. WESTINGHOUSE ELECTRIC & MFG. CO., East Pittsburg, Pa., three air-blast transformers and two blowers; contract price, $5,880. GENERAL ELECTRIC CO., Schenectady, N. Y., switchboard, 24 disc switches, six electric circuit breakers, supplies, and two lightning arresters; contract price, $6,096. Noted under Contract Prices, May 11.

✚OGDEN, UTAH.—The Merchants' Light & Power Co., which has recently been granted franchises for lighting and power and which has also obtained the municipal arc lighting contract, has awarded the general contract for the complete installation and construction of this system to the FAIRBANKS ELECTRICAL CONSTRUCTION CO., 617-620 Stock Exchange Bldg., Chicago, Ill. H. A. Strauss, Consult. Engr. of the Falkenau Co., has prepared plans and specifications for this system and is now making the necessary purchases. Noted March 30.

EUGENE, ORE.—The Board of Water Supply has asked the City Council to submit to the citizens the proposition of improving the municipal electric plant, which will necessitate a $57,000 bond issue.

SALEM, ORE.—The State Board has decided in favor of installing a hot water plant at the Eastern Oregon Insane Asylum. George W. Kendall, of the Kendall Heating Co., Portland, Ore., has been retained to prepare the plans.

PORTLAND, ORE.—Two bids were received by F. C. McIndo, Portland U. S. Engrs., for the installation of oil-burning apparatus and boilers in the dredge "Clatsop": Vulcan Iron Works, $23,850; Willamette Iron Works & Steel Works, $24,740.

BLYTH (San Bernardino post-office), CAL.—The Blyth City Ice & Cold Storage Co. will erect a $25,000 ice plant, creamery and electric light plant. J. B. Lockard and J. R. Dutcher, Secy. and Treas. Two brick buildings will be erected. Total cost, $40,000.

HOLTSVILLE, CAL.—The Board of Trustees of the Union High School District is contemplating the installation of an isolated electric light and power plant.

REDDING, CAL.—The Board of Supervisors of Shasta County has granted a franchise to the Siskiyou Light & Power Co., Yreka, permitting them the right to erect pole lines on any public highway through the county. The company is generating 20,000 HP., and will soon increase this to 60,000. Lines will be extended across the county into San Francisco.

SAN BERNARDINO, CAL.—The Southern California Gas Co. has petitioned the Board of Supervisors for a franchise for a period of five years to construct gas mains and laterals on all the roads within the county. About $100,000 will be expended the first year.

✚SAN FRANCISCO, CAL.—The Pacific Gas & Electric Co. has awarded a contract to the SPRING VALLEY WATER CO. for current to be used in connection with the construction of the Calaveras dam, in Alameda County. A line ten miles in length will be run to the dam. Contract price, $100,000.

SUSANVILLE, CAL.—James Branham made application to the Board of Trustees for a franchise to construct poles and wires for the transmission of electricity for heat, power and light along streets, alleys, highways, etc., of Susanville. Bids will be received by the Board up to 8 p. m., June 1, for the sale of said franchise. R. G. Bangham is Clk.

MONTREAL, QUE.—The National Hydro-Electric Co. has been formed to develop water power at Carillon Falls on the Ottawa River, about 50 miles from Montreal.

PRINCE ALBERT, SASK.—Bids will be received until 8 p. m., June 13, by the Corporation of the City of Prince Albert for the construction of dam and headworks and canal and power station foundations in connection with the proposed hydro-electric power development, on the North Saskatchewan River, at La Colle Falls, about 25 miles east of the city. Plans and specifications may be seen at the City Hall, Prince Albert, or at the offices of C. H. & P. H. Mitchell, Engrs., Traders' Bank Bldg., Toronto, Ont. Andrew Holmes is Mayor, and C. O. Davidson is Secy.-Treas.

BRIDGES.

(✚*Denotes a contract awarded.*)

✚FOXCROFT, ME.—We are officially advised that the contract for constructing a concrete bridge, 120 ft. long, with 944-ft. roadway, was awarded on May 18 to BEARCE & CLIFFORD, Lewiston, Me., at $20,926. The other bidders were Cyr Bros., Waterville, Me., $22,593; F. A. Rumery Co., Portland, Me., $21,246. W. M. Denman is Engr.

✚MECHANIC FALLS, ME.—We are officially advised that bids were received on May 16 for building the superstructure of a single span bridge, 122 ft., with 20-ft. roadway, and two 6-ft. walks, as follows: Boston Bridge Works, $6,300, plank floor; $7,387, wood block floor. United Construction Co., $5,981, $6,451; Canton Bridge Co., $5,656, $6,347; PENN BRIDGE CO., Beaver Falls, Pa., $5,387, $6,147 (awarded contract for wood block floor). E. E. Greenwood is Engr. in Charge.

✚BARNSTABLE, MASS.—We are officially advised that the contract for constructing a reinforced-concrete bridge, 289 ft. long and 20 ft. wide, with a steel draw span, has been awarded to GEORGE M. BYRNE, 79 Milk St., Boston, at $12,750. The other bidders were: Ruddle & Stoddard, 333 Border St., East Boston, (a) $12,790, (c) $20,000 (alternative design arch type); F. S. Lavin, New York, (a) $14,750, (c) $23,750; H. P. Converse Co., 88 Broad St., Boston, (b) $13,650 (concrete pile piers); John A. Rooney, 95 Milk St., Boston, (b) $12,740; John J. Falvey, East Somerville, Mass., (a) $15,000, (b) $14,700. F. A. Wales, Tremont Bldg., Boston, is Constr. Engr. Noted on May 4.

✚READING, PA.—The Philadelphia & Reading Ry. Co. has awarded the contract for the erection of two steel bridges on the Schuylkill & Lehigh branch of the Reading & Columbia division to H. E. AHRENS, Reading. One of these bridges will be a single span over the Sacony Creek at Virginsville, and the other a 2-span structure north of Kempton. The latter will be 80 ft. in length.

WESTCHESTER, PA.—Bids will be received by the Commissioners of Chester County until noon, May 29, for the erection of a reinforced-concrete bridge in East Goshen Township. E. V. Phillips is Clk.

✚RICHMOND, VA.—We are officially advised that a contract for constructing a 118-ft. concrete bridge with six 16-ft. clear slab spans, over Pole Cat Creek in Caroline County, one-eighth mile from Penola, has been awarded by P. St. J. Wilson, State Highway Comr., to the OWEGO BRIDGE CO., Owego, N. Y. Noted on May 4.

✚LEWISBURG, W. VA.—We are officially advised that the contract for constructing two bridges over Meadow River was awarded on May 16 to the LUTIN BRIDGE CO., York, Pa., for reinforced-concrete structures, at $7,380 and $2,316. The other bids were for steel structures with concrete floor, as follows: Virginia Bridge & Iron Co., $6,930, $1,740; York Bridge Co., York, Pa., $5,800; Owego Bridge Co., Owego, $1,900; Roanoke Co., Roanoke, $1,257; Farris Co., Pittsburg, $1,557. John E. Dougher is Engr.

CHARLOTTE, N. C.—Bids will be received by the Commissioners of Gaston Counties, until 11 for constructing a steel Catawba River. John F Gaston County Bd.; W. M. lenburg County Bd.

GREENWOOD, MISS.—Bids will be received by the Leflore Co until June 5 for constructing bridge across Tallahatchie Leflore and Tallahatchie ing to plans and specifications C. W. Crockett, Clk.

TALLULAH, LA.—Bids will be received by A. L. Slack, Secy. Pol June 20 for lowering the st Bayou Vidal at the Point Cl at least 15 ft. The bridge 185 ft. and the entire length cluding the approaches.

✚NASHVILLE, TENN.—We are advised that the FOSTER GOULD CO. has been awarded by the Louisville & Nashville R. H. Courtenay, Ch. Engr., to re bridges across Choctawhatchie icola Rivers on the Pensacola Florida. The work includes b ture and superstructure. The ture will be of plain and reinfor to replace the creosoted pile use.

CINCINNATI, OHIO.—F. H. Engr., has prepared plans and mate estimate for a viaduct to grade crossing at Ludlow Ave. proper will be 1,336 ft., the w 105 ft. and the east approach 2 roadway will be 40 ft., and there sidewalks of 10 ft. each. The structure is estimated at $325,000 land and damages $95,000, a total 000, of which the Baltimore & will pay 65%.

✚DAYTON, OHIO.—We are officially advised that the lowest bid received on May 19 for constructing an iron and steel bridge was submitted by A. A. Fox, Brooklyn, at $11,886.

INDIANAPOLIS, IND.—The County Commissioners have appropriated $3,500 for the construction of a bridge over the canal at Sunset Ave., and $5,000 for a bridge over Little Eagle Creek at West Washington St. Bids will be asked soon.

INDIANAPOLIS, IND.—Bids will be received by the County Commissioners until June 12 for constructing the Capitol Ave. bridge over Fall Creek, estimated at $85,000. W. T. Brown is Clk. of Comrs.

INDIANA.—Bids will be received for bridge work as follows: Until June 5, by Commissioners of Decatur County at Greensburg, for the repair of bridge. Frank E. Ryan is County Audr.; until 1 p. m., June 5, by Commissioners of Johnson County at Franklin, for the construction of seven small reinforced-concrete bridges. Wm. B. Jennings is County Audr.; until 2 p. m., June 5, by Commissioners of Morgan County at Martinsville, Ind., for the construction of a concrete bridge over White River at Waverly. J. S. Whitaker is County Audr.; until 2 p. m., June 6, by Commissioners of Rush County at Rushville, Ind., for the construction of six bridges and repair of others. Jesse M. Stone is County Audr.; until 10 a. m., June 6, by Commissioners of Shelby County at Shelbyville, Ind., for the construction of certain culverts, abutments, etc. G. B. Huntington is County Audr.; until 1.30 p. m., June 6, by Commissioners of Parke County at Rockville, for the repair of two bridges. James E. Elder is County Audr.; until 2 p. m., June 6, by Commissioners of Warrick County, at Boonville, for the construction of four bridges. N. M. Spradley is County Audr.; until 1 p. m., June 7, by Commissioners of Boone County at Lebanon, for the construction or repair of 18 bridges. B. F. Herdrich is County Audr.; until 1 p. m., June 13, by Commissioners of Scott County at Scottsburg, Ind., for the construction of two iron bridges and four concrete bridges. Robt. Hunt is County Audr.

PEKIN, ILL.—Bids will be received by the County Clerk until 1.30 p. m., June 3, for the construction of two small reinforced-concrete bridges in Tremont Township, Tazewell County.

ELDORA, IOWA.—The County Commissioners have voted to construct two new steel bridges with concrete floor, one at Eldora, 400 ft. long, and one at Iowa Falls, 250 ft. long, to cost about $15,000 each. E. L. Marriage, Eldora, is County Audr.

HUTCHINSON, KAN.—Bids will be received by the Board of Commissioners of the City of Hutchinson, at the City Clerk's office, until 3 p. m., June 2, for the construction of a reinforced concrete slab and girder bridge, 50 ft. long, 15 ft. spans, and 30 ft. wide, in accordance with plans and specifications prepared by G. L. M'Laine, City Engr., and on file at the office of E. F. Metz, City Clk.

LINNEUS, MO.—Bids will be received by Wade Ten Eyck, Highway Engr., of Lynn County, Mo., until noon, June 6, for following bridges, erected complete, according to plans and specifications on file with the Highway Engineer: 58-ft. three-panel steel girder, 28-ft. steel girder, 24-ft. steel girder, 45-ft. pin-connected span, 45-ft. pin-connected span, 30-ft. steel girder.

INDEPENDENCE, MO.—Bids will be received by the County Commissioners until May 31 for constructing two reinforced concrete arch bridges, one over Sinbad creek, 70 × 18 ft., and one over Colburns branch, 40 × 18 ft. R. I. Proctor is County Highway Engr.

SANTA FE, N. MEX.—Bids will be received until June 1 for furnishing plans and specifications for three bridges to cross the Santa Fe River. Bids for the construction

work w... be received until July 3. I. ... Sparke... and George W. Armijo, Secy. Bid of ... Comrs.

BUILDINGS.

*(*Denotes that this work is advertised in Engineering News.)*

MELROSE, MASS.—Plans for the immediate building of a new Melrose Hospital, to cost $50,000, were completed at a recent meeting of the trustees. Ground will be broken at the site at Franklin and Lebanon Sts. The building will be of brick. The $60,000 in cash and pledged subscriptions is now in the hands of the trustees to cover the cost of the structure. A building committee of five will soon be named by M. S. Page, Pres.

HOLYOKE, MASS.—William B. Reid, Holyoke, Mass., has completed plans for the new Joseph Metcalf School on Northampton St., Elmwood, for the city of Holyoke. The building will be 98 × 144 ft., two stories and basement, of red brick, with standstone trim and copper cornices. It will contain twelve class rooms, an assembly hall, 60 x 66 ft., to seat 800, and a manual training department in the basement.

WESTERLY, R. I.—William R. Walker & Son, Providence, R. I., have been commissioned to draw the plans for the proposed new court house in this city, which will cost about $125,000. The building will probably be of granite, two stories high.

✚BRIDGEPORT, CONN.—The contract for the erection of a new business block on Main St. for Kline Bros. has been awarded to THE TORRINGTON BUILDING CO., Torrington, Conn. The building will be 24 × 112 ft., four stories high, of brick and steel, with copper cornice and freight elevator. Leonard Asheim, Bridgeport, is the Arch.

DERBY, CONN.—The Connecticut Co. has completed plans for a new car barn here. The building will be 100 × 180 ft., one story high, with steel truss roof. The foundations will be concrete on piles or concrete piles. C. C. Elwell, New Haven, is Ch. Engr.

HARTFORD, CONN.—From plans of F. C. Walz, estimates are being received for the construction of a new store and tenement building at Park and Zion Sts., for Kaplan Bros. The building will be 35 × 80 ft., four stories high, of brick with stone trim.

NEW YORK, N. Y.—Bids will be received until June 5 by the Dept. of Education for the alterations and repairs to various schools.

NEW YORK, N. Y.—Plans have been filed for the construction of a 2-story freight house for the New York Central & Hudson River R. R. Co., fronting on 32d and 33d Sts., with an extension on Tenth av. It will be semi-fireproof, and will have a frontage of 283 ft. on each street and a depth of 197.6 ft. The cost has been placed at $250,000.

✚NEW YORK, N. Y.—We are advised that the item appearing in our issue of May 11 to the effect that the contract for the construction of a 10-story business building for Stern au & Co., was awarded the George A. Fuller Co. is erroneous. The contract was awarded to the TURNER CONSTRUCTION CO., 11 Broadway, New York City.

Plans are being prepared by Nast & Springsteen, 21 West 45th St., for the construction of a 5-story tenement building at 1724 St., east of St. Nicholas Ave. The Paterno & Sons Contracting Co., 3058 Heath Ave., in the Bronx. The cost is about $100,000. Bids will be received by the owner on structural steel, sheet metal, work, etc.

A 6-story apartment building will be erected on the northwest corner of White and Baxter Sts. by Aronson & Baum, 50 Mott St. The cost is about $50,000. Plans were prepared by Schwartz & Gross, 347 Fifth Ave., New York City.

A 6-story tenement building will be constructed on the southeast corner of Suffolk and Delancey Sts. by A. Collier, 41 Division St. The estimated cost is $40,000. Plans were prepared by Samuel Sass, 32 Union Sq., New York City.

Plans are being prepared by Sommerfield & Steckler, 31 Union Sq., for the construction of a 5-story tenement building on the north side of 171st St., west of Audubon Ave. The Placid Realty Co., 498 West 158th St., is owner. The estimated cost is $70,000.

Plans have been prepared by Sommerfield & Steckler, 31 Union Sq., for the construction of a 5-story tenement building on the south side of 140th St., west of Amsterdam Ave. The William M. Moore Construction Co., 520 West 139th St., is owner. The estimated cost is $85,000.

Plans are being prepared by George F. Pelham, 507 Fifth Ave., for the construction of a 5-story tenement building on the east side of Third Ave., south of 171st St. The Wendover-Bronx Co., 34 West 96th St., is the owner.

Two 5-story tenement buildings will be erected on the south side of 145th St., west of Brook Ave., by the Joel Realty Co., 35 Nassau St. The estimated cost is $80,000. Plans are being prepared by Charles Schaefer, 401 Tremont Ave.

An 8 story apartment building will be erected by the James Livingston Construction Co., 18 West 27th St., on the northwest corner of Ft. Washington Ave. and 170th St. Plans are being prepared by Neville & Bagge, 217 West 125th St. The probable cost of the structure is about $300,000.

The Charles Buck Construction Co., 5 East 42d St., will erect four 5-story brick and limestone dwellings on the southwest corner of Madison Ave. and 79th St. Plans are being prepared by S. E. Gage, 340 Madison Ave. The probable cost is $125,000.

The Roma Construction Co., 3903 Snyder Ave., Brooklyn, will erect a 5-story tenement building on the west side of Brook Ave., south of 170th St. The cost is $45,000. Plans are being prepared by M. W. Del Gaudio, 1910 Webster Ave.

The Little Sisters of the Poor will build a home on the northeast corner of Riverside Drive and 140th St. The 100 × 225 site was bought from the Hoguet estate for $200,000.

ALBANY, N. Y.—The Board of Contract and Supply will receive bids until June 5 for making additions and alterations to School No. 17. Isidore Wachsman is Secy.

ASTORIA (L. I.), N. Y.—A 4-story building will be erected by the Queens Borough Realty Assn., 215 Montague St., Brooklyn, on the corner of Wilson and Eleventh Aves., Astoria. Plans were prepared by John H. Friend, 148 Alexander Ave., New York City. The cost is $75,000.

BUFFALO, N. Y.—Geo. N. Mead, Lafayette Ave., is receiving bids for a store and lodge building which he will erect at Walden Ave. and Brinkman St., 80 × 80 ft., two stories and basement, brick, from plans of Colson & Hudson, 35 Dun Bldg.

Joseph G. Geigand, 346 Herman St., has plans in preparation for a brick and tile synagogue, 44 × 86 ft., to be erected on Pratt St. by the Anshe Libovitz Congregation. Isaac Smith, 214 Seneca St., is Chn. Bldg. Com.

✚LITTLE FALLS, N. Y.—The committee in charge of the erection of a club house for the Presbyterian Church has awarded to the P. B. McCAGHEY CO., here, the contract for erecting the building, at $50,110, exclusive of heating, plumbing and ventilating. D. H. Burrell gave $60,000 toward the building, which, when completed, will cost about $100,000. The plans are those of Arch. Harold J. Cook, of this place. M. G. Bronner and I. T. Burney are members of the Bldg. Com.

✚NIAGARA FALLS, N. Y.—BLAIR & HODGKINS have received contract for erection of the Memorial Nurses' Home to be built in connection with the general hospital and training school.

MIDDLEPORT, N. Y.—Martin C. Miller, 1009 Mutual Life Bldg., Buffalo, has completed plans for a 2-story and basement school building, 120 × 90 ft., stone, brick, terra cotta and steel construction, to cost approximately $55,000. A. S. Sherwood, Pres. Bd. Village Trustees.

MIDDLETOWN, N. Y.—The Westminster Presbyterian Church is having plans prepared by Carrere & Hastings, 225 Fifth Ave., New York City, for a church and institutional building, two stories, to be erected at an estimated cost of $150,000.

✚ROCHESTER, N. Y.—GEORGE KIRCHER, 444 Alphonse St., has received the contract for the erection of a synagogue, 62 × 100 ft., on Hanover St., for the Beth Agodel Congregation, to cost $40,000.

TROY, N. Y.—The Sisters of St. Joseph are remodeling the interior of St. Joseph's Provincial Seminary into a novitiate. Preliminary work has already been done and it is estimated that the modifications will involve the expenditure of more than $250,000. The estimated cost of construction of the new Central school, as provided for by the Common Council in its recent adoption of a bond issue for this purpose, is $350,000.

BELLEVILLE, N. J.—Bids will be received by the Board of Education until May 29 for constructing an addition to the school on Magnolia St. Plans were prepared by J. N. Pierson & Son, 95 Smith St., Perth Amboy, N. J.

✚MENDHAM, N. J.—The contract has been awarded to the R. H. HOWER CONSTRUCTION CO., 105 West 40th St., New York City, for the construction of a dwelling, stable and garage for Dr. P. B. Wyckoff, 23 West 57th St. The cost is about $40,000. Henry Otis Chapman, 334 Fifth Ave., New York City, prepared plans.

MERCERVILLE, N. J.—Bids will be received by the Board of Education until May 25 for constructing a school.

NEWARK, N. J.—The Board of Education of Newark will receive bids about June 1, for the construction of the Buchanan School, which will be erected at 17th Ave. and Bergen St. Plans on file in the office of the School Engineer, City Hall. Estimated cost, $165,000.

RED BANK, N. J.—A hospital will be erected in memory of the late Peter F. Collier, New York. The institution will be a stone structure. Plans have been drawn by Joseph Swannell, of Red Bank. The proposed location is a triangular piece of ground at Spring and Wallace Sts., on the east side of Red Bank. The new hospital will be a non-sectarian institution. One hundred thousand dollars has been given by his wife.

RUTHERFORD, N. J.—The Board of Education will receive bids until May 31 for the construction of two 6-room schools. Plans were prepared by Taylor & Mosley, 40 Wall St., New York City.

TRENTON, N. J.—Bids will be received until June 2 by George E. Poole, State Arch., for the construction of an addition to the State House. Probable cost, $60,000.

SOUTH ORANGE, N. J.—According to reports, a store and apartment building will be erected at South Orange Ave. and South Twelfth St., in the western section of the city, at an estimated cost of $40,000. Plans for the building, which will be four stories in height, and constructed of brick and limestone, have been completed by Frank Grad. It will have a frontage of 41 ft. on South Orange Ave., where there will be provided three stores. The building will extend back 120 ft. on Twelfth St. The main entrance to the apartments will be on the latter thoroughfare. There will be apartments of four rooms and bath for 22 families. Jacob Heinochowitz is owner.

✚EBENSBURG, PA.—The contract for the erection of the home of the First National Bank of Ebensburg was awarded to FESSEL & CO., New York City, at $50,000.

✚ELIZABETHTOWN, PA.—The contract for the Grand Lodge Hall, the central building in the group comprising the Masonic home, at Elizabethtown, Pa., was awarded to JOHN R. WIGGINS & CO., Elizabethtown, Pa., at a meeting of the Committee on Homes in the Masonic Temple, Broad and Filbert Sts. The cost is between $375,000 and $500,000.

✚PHILADELPHIA, PA.—Carl P. Berger, Philadelphia, Pa., has awarded to HENRY P. SCHNEIDER a contract for the construction of the Trinity Reformed Church, at the northeast corner of Broad and Venango Sts. The building will be of the Gothic style, with an exterior of granite, 61 × 116 ft. The cost will be $42,000. The auditorium will have a seating capacity of 750. In the basement will be social and recreation rooms, kitchen, dining room and toilets. The same architect will receive estimates shortly for the First Dutch Reformed Church, at the northeast corner of Fifteenth and Dauphin Sts. The plans provide for a stone structure, 80 ft. square.

✚The contract for the erection of a 5-story addition in the rear of 615-617 Market St. has been awarded to HARRY GILL, JR., by Kahn & Greenberg, real estate brokers. A fifth story will be erected on the Market St. buildings. The cost of the combined work is estimated at $40,000.

✚A $42,000 contract for the erection of the new church buildings for the Trinity Reformed Church, Broad and Venango Sts., has been awarded to HENRY P. SCHNEIDER. Besides the church, the building will contain Sunday school, social and recreation rooms, kitchen, dining hall and retiring rooms. The cost of the work is estimated at $42,000. The work will be completed by fall. Carl P. Berger is Arch.

The building permits for the erection of 59 2-story brick houses, to be built on the east and west sides of 64th St., by John M. Hendricks were taken out recently. The total cost of the operation will be $176,000.

According to press reports, it has been announced by Alexander Robertson, Pres. of the Western Maryland Ry., that the company will build a $50,000 passenger station in Cumberland, in the immediate vicinity of the present station. The Potomac River bridge now in use will be abandoned and a massive double-track steel structure substituted, which will be built diagonally so as to eliminate the sharp curve and trestle work approaching the bridge now in use.

PHILADELPHIA, PA.—Plans are being prepared by Watson & Huckel, 1211 Walnut St., for the erection of a large convent at 13th and Jackson Sts., for the Church of the Epiphany. The buildings will occupy about half a block and will be four stories high. The same architects are also preparing plans for a rectory for the Church of the Epiphany, to be built at Twelfth and Jackson Sts.; for remodeling the rectory of St. John's Church, Manayunk, and for a new approach and entrance to the main building of the same church.

Work will be started soon by Milton W. Young on a residence at Villanova for Herbert S. Darlington, which will cost about $75,000. The house will be two and one-half stories in height in the English style of architecture, 111 × 62 ft. The plans are by Horace Trumbauer, Land Title Bldg., Philadelphia, Pa.

GETTYSBURG, PA.—Bids will be received by James Knox Taylor, Superv. Arch. Treasury Dept., Washington, D. C., until June 27 for the construction of a U. S. post-office.

✚LOGAN, PA.—The contract has been awarded for the erection of a station at Logan by the Philadelphia & Reading Ry. Co. to JOHN W. EMERY. The rapid growth of this section caused the railroad to build a new bridge at the station several years ago, and with the local development, the traffic has been too great for the present station. Two new passenger stations will be built on the north and south bound tracks. They will be two stories high and will be constructed of concrete.

✚GLYNDON, MD.—The contract for the erection of the Aged People's Outing Association building for the Methodist Church at Glyndon has been awarded to WILLIAM CRAWFORD BELL, Glyndon, Md.

Mahoney, Secy., will receive bids until June 5 for furnishing 332 lengths of 30-in. water pipe, 4,700 lbs. to the length, a total of 1,205 tons; 32 tons of special castings; five 24-in. geared gate valves, according to the standard of the New England Waterworks Association.

CONKLINGVILLE, N. Y.—With modifications designed to protect the State's interests and to provide for the return of a revenue, the State Water Supply Commission on May 17 made a final order approving the plan for the regulation of the flow of the upper Hudson River by the construction of a storage reservoir on the Sacandaga River, near Conklingville, at a cost of $4,650,000. A bill authorizing the execution of the plan must become a law before any further steps can be taken. Noted on April 13.

FREDONIA, N. Y.—We are officially advised that the citizens have voted against the proposition to spend $150,000 for water supply improvements. Noted on May 18.

✚GENEVA, N. Y.—Bids will be received by the Board of Public Works until 7:30 p. m., June 8, for constructing a 2,000,000-gallon concrete-covered reservoir. T. Church is Supt. Advertised last week.

MEXICO, N. Y.—We are officially advised that surveys are now being made for the construction of water-works here. Estimated cost, about $40,000. W. G. Stone & Son are Engrs., Mann Bldg., Utica, N. Y. Noted on May 18.

NIAGARA FALLS, N. Y.—On May 16 the taxpayers voted to spend $360,000 to parallel the mains of the Western New York Water Co. Bids will be received until June 5 by the Board of Water Commissioners.

YONKERS, N. Y.—The city will spend several thousand dollars on an auxiliary water system of artesian wells. J. A. Brady is Comr. Pub. Wks.

NEW YORK, N. Y.—All bids received on May 16 by John W. Brannan, Pres. Bd. of Trustees of Bellevue and Allied Hospitals for all labor and material required for constructing and erecting a sprinkling equipment at Bellevue Hospital, Boro. Manhattan, have been rejected.

NEW YORK, N. Y.—Bids will be received by Henry S. Thompson, Comr. Water Supply, Gas and Electricity, until 2 p. m. June 5, for furnishing and delivering pipes, valves and pipe fittings, boiler and pipe covering, etc.

Bids were received by Henry S. Thompson, Comr. Water Supply, Gas and Electricity, on May 19, for furnishing, delivering and laying water mains and appurtenances in Belmont, Clarke, Henry, Jersey, Nautilus, Oak, Second, Smith, Third, Varian, Vine, Washington and Woodstock Sts.; Bayview,

Bidwell, ismark, Brighton, Burger, Chestnut, C... Deems, Excelsior, Fisk, Forest, Hugue... Indiana, Jewett, Laurel, Leonard, Lincol... Maine, Maryland, Meisner, Neal Dow, N... New York, Oakland, Pleasant, Sea, S... St. John, Tompkins, Van Pelt, Vista, ...dwell, Washington, Waters, Westerve... ...llard, Winant and Woodvail Aves.; Annad... Bloomingdale, Clove, County House... ...esh Kills, Harbor, Manor, Richmond ... Short Todt Hill and Watchogue Roads... ...bama, New York, Ohio and Washington ... places; Jefferson and Southfield Boule... The Boulevard, Broadway, Gifford's ... Ocean Terrace and Richmond Turn... and removing existing water main... appurtenances in Jersey St.; Forest, ... Maryland, Sharrott and Westerve... ...es., Todt Hill Road and Richmond Turn... Boro. Richmond: James McAvoy, ... 127th St., New York, $300,409; Leo ...kelley, $339,062; William F. Norton, $342...

TR... N. Y.—Bids will be received by the ... of Contract and Supply until 11 a. m. ...y 29, for furnishing for the use of the ... of Water, Dept. Pub. Wks., f. o. b. ... Melrose, N. Y., one carload containing ...pproximately 18 tons of copper sulphate ...rushed (not granulated and free from ...t, dust and sweepings, to contain not ... than 23% copper, nor more than 39% acid ... not more than 35% of water nor more ...an a trace of iron) price to be quoted ...r car lot, per ton. Samples of the ... to be furnished must be submitted with ... Specifications at City Engineer's and ...retary's offices. James M. Riley is Secy.

MASONTOWN, PA.—Bids are being received by the Borough of Masontown for the construction of a water filtration plant in accordance with plans prepared by Chester & Fleming, Consult. Engrs., Pittsburg, Pa. E. C. Baker is City Engr.

CUMBERLAND, MD.—The city has voted in favor of issuing $500,000 of bonds for a new gravity water supply, from Evitts Creek, about nine miles distant. J. H. Fuertes, New York, is Consult. Engr. Noted on March 16.

FREDERICK, MD.—Bids will be received by the City Register until June 1 for furnishing material and lining with asphalt an 800,000-gallon reservoir. William H. Boardman, 426 Walnut St., Philadelphia, Pa., is Engr.

LA PLATA, MD.—The Town Commissioners have engaged G. E. A. Hairley, 511 Equitable Bldg., Baltimore, Md., to survey the town preparatory to the construction of a water system. Noted on May 11.

ROMNEY, W. VA.—Bids will be received by the city until 8 p. m., June 1, for the construction of a pipe line and a 100,000-gallon reservoir for the proposed water system. The work will consist of laying approximately 3,559 ft. of 4-in. w.-i. or steel screw pipe or 4-in. wood stave pipe; 10,250 ft. of 3-in. w.-i. or steel screw pipe or 3-in. wood stave pipe; 3,550 ft. 4-in. c.-i. pipe, 350 ft. of 6-in. w.-i. pipe in concrete, and the setting of the necessary valves, hydrants and specials; the construction of a concrete reservoir with a capacity of 100,000 gallons; repairing old dam and cleaning out, widening and making mill race watertight, building a stone or concrete pump well. T. Chalkley Hatton is Consult. Engr., Wilmington, Del.

TARBORO, N. C.—The city will construct a 50,000-gallon concrete filter plant, electric-driven turbine pumps, 260-gallon concrete storage reservoir, pumping station and one mile of 10-in. c.-i. pipe. Gilbert C. White is Engr., Durham, N. C.

HONEA PATH, S. C.—The citizens have voted to issue $25,000 of bonds for the construction of water-works.

TITUSVILLE, FLA.—Bids will be opened probably in August by the city for the construction of a water-works and materials. Noted on March 2.

OCALA, FLA.—The citizens on May 16 voted in favor of issuing $100,000 of bonds for the installation of a new water-works system. Noted on May 11.

✚WHITE CASTLE, LA.—The Mayor and City Council have awarded the contract for laying 2,000 ft. of water mains in Bowie St. to DAVID LOPEZ, of White Castle. WOODWARD, WRIGHT & CO., Ltd., of New Orleans, La., have the contract for furnishing the material.

McKENZIE, TENN.—The city has voted $10,000 of bonds for the extension of the water and electric light plants and for street improvements.

✚NASHVILLE, TENN.—The contract was awarded to the J. N. STONE CONSTRUCTION CO., Nashville, on May 16, by the Board of Public Works for the construction of about 41,000 ft. of new water mains at $12,249. Other bids were as follows: M. J. Cunniff, $15,413; Southern Roofing & Paving Co., $14,178; T. I. Curtis & Son, $14,250; E. T. Lewis & Co., $15,724; Foy-Proctor Co., $16,478; J. P. LeSueurer & Co., $18,761; W. M. Leftwich, $14,114; S. T. Stewart & Bro., $18,573; John Broderick, $13,773. About three-fourths of the new mains will be of 6-in. pipe, and the remainder 12 and 18 in.

CLEVELAND, OHIO.—Bids will be received for the construction of the proposed water tunnel about July 1. L. C. Smith is Supt. W.-Wks.

NILES, OHIO.—Bids were opened on May 10 by the city for the construction of a 3,000,000-gallon filtration plant. The contract has been awarded to ENSMINGER BROS., of Columbus, Ohio, at $39,820. Other bidders were: W. H. Ralston, Mt. Vernon, $45,300; Roberts Eilder Mfg. Co., Philadelphia, Pa., $49,100; Niles Lumber Co., Niles, $42,950; Pittsburg Filter Mfg. Co., Pittsburg, Pa., $48,800; American Water Softener Co., Philadelphia, $53,787. Louis Adovasio, Youngstown, $44,507.

✚LAKEWOOD, OHIO.—We are officially advised that the contract has been awarded by the city to the DES MOINES BRIDGE & IRON CO., of Des Moines, Iowa, for constructing the steel water tower on a concrete base. The William H. Evers Engineering Co. is Engr., Cleveland, Ohio.

*KENTON, OHIO.—Bids will be received until June 6 by the Department of Public Service for the construction of a 2,000,000-gallon reservoir, and for water-works equipment, except a 2,500,000-gallon pump. Charles Brossmann is Engr., Union Trust Bldg., Indianapolis, Ind.

CLINTON, IND.—The city is considering improvements to the water-works system by constructing about two miles of 4, 6 and 8-in. c.-i. pipe. William Hamilton is Supt. W.-Wks.

MOROCCO, IND.—The Town Council is preparing to ask for bids for the construction and equipment of a modern water-works plant.

PLAINFIELD, IND.—The Board of Control of the Indiana Boys School will receive bids until June 6, 1911, for the construction of a water tower and other improvements to the water plant. Charles Brosnan, Indianapolis, is Engr.

RICHMOND, IND.—The Board of Public Works will receive bids until 10 a. m., June 12, for furnishing water to the city for a period of 25 years, all mains laid to be of standard quality, the machinery, equipment, pumping plant, etc., of the most approved type and a reservoir to hold 1,300,000 gallons, etc.

*EVANSVILLE, IND.—Bids will be received until 10 a. m., June 17, by the city, at the office of Alvord & Burdick, Engrs., 1417 Hartford Bldg., Chicago, Ill., for furnishing the following materials: Approximately 250 tons of c.-i. pipe and specials; 30 valves, from 4-in. to 30-in.; one 24-in. Venturi meter, and one pitometer. Henry L. Heilman is Secy. Bd. Water Comrs.

LA FAYETTE, IND.—The city is considering the installation of a system of driven wells. Capacity, 7,000,000 gallons every 24 hours.

LEESBURG, IND.—The Town Board is considering the construction of water-works. Estimated cost, $8,000.

BENTON HARBOR, MICH.—The citizens on May 4 voted bonds for $100,000 for development of the present wells, building a new station and laying mains in all parts of the city.

ANNA, ILL.—The City Council has passed an ordinance providing for laying 23,347 ft. of distributing mains. Estimated cost, including fire hydrants, valves and valve boxes, $20,008.

✚CHICAGO, ILL.—The contract for the supply of explosives and explosive supplies to the Reclamation Service for the two years beginning May 15, 1911, has been awarded to the DUPONT DE NEMOURS E. I. POWDER CO., of Wilmington, Del. Noted on April 27.

FENNIMORE, WIS.—Bids will be received by the Board of Trustees until May 30 for drilling a well. William Weaver is Clk.

LEON, IOWA.—Bids will be received until June 5 by the City Clerk for the construction of water-works. The Iowa Engineering Co. is Engr., Clinton, Iowa.

BARNESVILLE, MINN.—M. P. Philippi, City Clk., will receive bids until 8 p. m., May 31, for 1,589 ft. of water mains. M. A. Earl is Engr.

CHISHOLM, MINN.—F. L. Austin, Secy. Water, Light, Power and Building Commission will receive bids until noon, June 6, for 57 tons of 4 and 6-in. c.-i. water pipe.

EDEN VALLEY, MINN.—W. R. Salisbury, Village Clk., will receive bids until 8 p. m., June 5, for about 2,200 ft. of 2-in. water pipe.

EVELETH, MINN.—The following bids were received on May 16 by the city for the erection of a foundation and installing a 2,500,000-gallon pump: Epping-Carpenter Co., Pittsburg, Pa., $15,721, with a deduction of $1,679 if the city makes the connection; Fred. W. Prescott Co., Milwaukee, $12,560 for pump, $13,710 for erection of foundation and pump, $2,750 for installation work, $300 for additions: Norberg Mfg. Co., Milwaukee, Norberg engine, $15,000; Laidlaw Dun-Gordon Co., Milwaukee, Wis., $11,400 for pump and $2,750 for installation.

MADELIA, MINN.—Bids will be received until May 29 by A. Massey, Village Recr., for constructing a steel water tank and tower.

SLAYTON, MINN.—Bids will be received until June 5 by the Village Council for constructing water mains in Third St. and Eastling Ave., 3,650 ft.

ST. PAUL, MINN.—The Water Board has ordered the laying of 4,000 ft. of 6-in. water main in Hamline and the Midway District, in Lafond, Edwin, Blair and Rondo Sts. Other streets in the district will have water pipe laid as soon as they are graded. Estimated cost, $5,000.

HARTINGTON, NEB.—The City Clerk will receive bids until 8 p. m., June 2, for sinking a well and furnishing a gasoline engine and triplex pump for the water-works.

WOLSEY, S. DAK.—H. M. Morgan, City Clk., will receive bids until 8 p. m., May 29, for the construction of a 4½-in. artesian well.

✚FARGO, N. DAK.—The contract for the construction of the filter plant has been awarded to JAMES KENNEDY, Fargo, at $170,000. List of bidders noted on May 18.

Bids will be received until 5 p. m., May 31, by E. R. Orchard, City Audr., for furnishing material and constructing water mains in portions of Tenth St., South Seventh St., South and other streets, requiring about 10,027 lin. ft. of 6-in. main and 15 hydrants.

VALLEY CITY, N. DAK.—Bids will be received by the City Auditor until 8 p. m., June 5, for water main extensions including 3,700 lin. ft. of 4-in. pipe. C. A. Myhre is City Engr.

BASIN, WYO.—Bids will be received by James F. Ewers, Town Clk., until June 7 for furnishing the material and constructing improvements to the water-works and electric light plant. The work includes furnishing c.-i. pipe, castings, hydrants, valves, mechanical filter, pumping and electrical machinery. Burns & McDonnell, Scarritt Bldg., Kansas City, Mo., are Engrs. Noted on March 30.

UPTON, WYO.—Bids will be received by Geo. H. Davis, Town Clk., until June 9 for the construction of water-works, including water mains, pumping machinery, water tower, etc. Burns & McDonnell, Scarritt Bldg., Kansas City, Mo., are Engrs. Noted on March 30.

MERCEDES, TEX.—The American Rio Grande Land & Irrigation Co., Mercedes, is planning to extend its canals to irrigate 6,000 acres. The flumes and trunk canals will be built with a capacity for 50,000 acres to provide for future extensions. The company at present has under irrigation about 25,000 acres. Thomas M. Plummer, Mercedes, is Gen. Mgr., and W. F. Shaw, Mercedes, is Engr.

NOCONA, TEX.—The city has voted to issue bonds for the construction of water-works.

SAN BENITO, TEX.—The Los Indios Irrigated Land Co. has been organized here with a capital stock of $10,000. The incorporators are: J. C. Miller, J. George Bowyer and M. W. Jones.

*WINTERS, TEX.—Bids will be received until 6 p. m., June 7, by the Mayor and City Council for the construction of water-works. The O'Neil Engineering Co. is Engr., Dallas, Tex.

YORKTOWN, TEX.—The city has voted $6,000 of bonds for water main extensions.

BARTLESVILLE, OKLA.—The Corporation Commission has instructed the Water & Light Co. to spend $106,700 for extensions of mains, etc. T. C. Hughes of Tulsa, Okla., Consult. Engr., has recommended the cutting of a ditch about one-half mile long to straighten the Caney River and reserve the bend for a reservoir.

WANOKA, OKLA.—Plans are being prepared by William Haviland, Alva, Okla., for the construction of water-works and an electric light plant. C. D. Willard is Town Clk.

COLORADO SPRINGS, COLO.—The City Council has passed a resolution empowering the Commissioner of Public Works to ask for bids for equipment for the new pumping station.

GREELEY, COLO.—Bids will be received by W. A. Hotchkiss, City Clk., until 5 p. m., May 26, for the construction of a filtration basin No. 3, at the water-works. The work consists of concrete lining wall, etc., of a basin 150 × 180 × 10 ft.; construction of underdrainage system and connection and furnishing gravel and sand for filtration material in place.

SPRINGER, N. MEX.—The Lake Charette Land & Irrigation Co. has been formed here with a capital stock of $250,000 for the purpose of constructing a large system of irrigation. It is planned to reclaim about 10,000 acres. The incorporators are: Woodford A. Matlock, of Denver, Colo.; E. F. Bidwell, of Kinsley, Kan.; Amos L. Bennett of Nickerson, Kan.; Merrick K. Edwards, of Denver; Charles F. Hortenstein and Charles E. Hartley, of Springer, and Edward Taylor of Mullinville, Kan.

LAS CRUCES, N. MEX.—The citizens have voted to issue $75,000 of bonds for the installation of water-works and sewerage. Noted on March 9.

✚MOUNTAIN HOME, IDAHO.—We are officially advised that the city will construct a municipal water-works system consisting of a 6,650 ft. of 8-in. 15,000 ft. of 6-in. and 3,650 ft. of 4-in. wood stave pipe, 30 fire hydrants, 60,000 gallon tank, deep well and pumping plant at a cost of $35,000. The contract for pipe, fittings, gates and hydrants was awarded on May 6 to the WASHINGTON PIPE & FOUNDRY CO. Bids will be received later for the remainder of material and for the construction. E. M. Blake, 621 Idaho Bldg., Boise, Idaho, is Engr.

PARK CITY, UTAH.—The following bids have been opened by the City Council for the construction of a new water-works plant: Lynch & Cannon Engineering Co., Salt Lake City, Utah, $48,949; J. W. Percival, Salt Lake City, $56,380; A. A. CLARK, Salt Lake City, $47,499 (awarded contract); McKay & Reed, Salt Lake City, $47,800; P. J. Moran, Salt Lake City, $57,732; Moran Construction Co., Salt Lake City, $47,010; Wheelwright Construction Co., Ogden, Utah, $47,144.

FLAGSTAFF, ARIZ.—The Atchison, Topeka & Santa Fe R. R. Co., it is reported, have entered into an agreement with the City Council, according to which, the company receives title to all water rights and is to construct a reservoir with a capacity of 50,000,000 gallons, to cost $100,000. C. A. Morse is Ch. Engr., Topeka, Kan.

FORT WORDEN (Port Townsend postoffice), WASH.—Bids for the construction of a 2,000,000-gallon reinforced-concrete reservoir, with water mains, etc., at Fort Worden, will be received by Capt. E. C. Long, Const. Q. M., U. S. A., 482 Arcade Annex, Seattle, Wash., until June 3.

CENTRAL POINT, ORE.—Bids will be received by J. W. Jacobs, City Recdr., until 5 p. m., June 5, for extending water mains. Osgood & Cummings are Engrs., Medford, Ore.

PENDLETON, ORE.—The citizens have voted in favor of issuing $200,000 of bonds for the installation of a gravity water system.

ORLAND, CAL.—The citizens on May 2 voted in favor of issuing $25,000 of bonds for the installation of a water-works system.

CHINO, CAL.—The town has voted $40,000 for a municipal water system. Either the present system will be purchased and improved or an entirely new system installed.

*MANTECA, CAL.—Bids will be received by the Directors of the South San Joaquin Irrigation District at Manteca, until 10 a. m., June 19, for furnishing the materials for and constructing Contract-Divisions 1, 2, 3, 4, 5 and 6, of their irrigation system. Contract-Division 1 and Contract-Division 2 will be let jointly by the South San Joaquin and Oakdale Irrigation Districts. Contract-Divisions 3, 4, 5 and 6 will be let by the South San Joaquin Irrigation District. Copies of the contract-forms, specifications, general plans and forms of bids may be seen and further information obtained at the following places: Office of the Directors, Manteca; office of the Chief Engineer, 1335 Humboldt Bank Bldg., San Francisco, Cal.; office of Engineering News, New York and Chicago, Ill.; office of Engineering-Contracting, Chicago. Bids for the construction of any or all of the six contract-divisions will be received from any bidder; but the proposal for each contract-division must be made separately, upon a separate and distinct form or blank. The various contracts must be entirely completed at dates not later then the following: Contract Division No. 1, March 31, 1912; No. 2, March 1, 1913; No. 3, March 1, 1913; No. 4, March 1, 1913; No. 5, March 1, 1913; No. 6, March 1, 1913, and bids will be received contemplating the completion of the work of the various contracts at the above dates. The works to be constructed under these contracts are as follows: Contract Division No. 1, a concrete diversion dam about 450 ft. long on crest and of about 75 ft. maximum height; concrete head and regulating works to canal. The quantities are shown in detail in the specifications, and are very roughly as follows: Concrete, about 8,400 cu. yds.; earth and rock excavation, about 12,000 cu. yds.; steel in concrete, about 55 tons, etc. The total amount of this contract will be roughly about $100,000. Contract Division No. 2, a conduit about 34 miles long of open canal and tunnels, along the canyon of the Stanislaus River, mainly slate rock excavation on steep side-slopes. Two tunnels about 1,000 ft. long each, one about 2,900 ft. long, remainder open canal. Entire length lined with concrete. About 112,000 cu. yds. of excavation in open canal, etc., etc. Total amount of this contract, about $300,000. Contract Division No. 3, a conduit about 2.7 miles long of open canal and tunnels, in foot-hills, mainly hard-pan excavation in deep cuts. Four tunnels 980 ft. in aggregate length, remainder open canal entire length lined with concrete. About 180,000 cu. yds. excavation in open canal, etc., etc.; total amount of this contract, about $200,000. Contract Division No. 4, a flume about 14½ ft. wide by 9 ft. high in inside dimensions and about 2,000 ft. long, carried on a trestle or piers of about 65 ft. maximum height and about 38 ft. average height. Bids are asked both on a wooden and on a reinforced-concrete structure. The wooden structure would contain approximately: 190 M. ft. B. M. of redwood lumber, 450 M. ft. B. M. of Oregon fir lumber, 25,000 lbs. of spikes, bolts, etc., and would cost roughly $30,000. The alternative reinforced-concrete structure would contain approximately 6,700 cu. yds. concrete, 200 tons steel bars, etc., and would cost roughly $80,000. Contract Division No. 5, conduit about 3.9 miles long, of open canal except one tunnel about 740 ft. long, in foot-hills, mainly hard-pan excavation, moderate cuts. About 250,000 cu. yds. excavation, about 60,000 cu. yds. embankment, tunnel and embankments (about 6,000 ft. of latter) lined with concrete. Total amount of this contract, about $175,000. Contract Division No. 6, about 6.4 miles of open canal, no tunnels, in plain, no concrete-lining. About 300,000 cu. yds. excavation, largely hardpan. The amount of this contract will be roughly $130,000. Each of above Contract Divisions contains auxiliary structures such as drainage culverts, waste gates, bridges, drops, or siphons, etc., etc., all of which are shown with quantities in the specifications and contract drawings. The area of the South San Joaquin Irrigation District is 71,050 acres. The total bond issue authorized is $1,875,000, or $26.40 per acre. Edwin Duryea, Jr., is Ch. Engr., 315 Humboldt Bank Bldg. Plans and specifications are now on file at the office of Engineering News, New York.

RIVERSIDE, CAL.—The Riverside Water Co. is contemplating cementing its upper canal.

*MONTREAL, QUE.—Bids will be received by the Board of Commissioners until noon, June 29, for furnishing and installing pumping machinery, rotary blower and cranes in and about the proposed low lift pumping station of the filtration plant of the city in accordance with the plans and specifications on file in the office of the Chief Engineer of Public Works and in the office of Hering & Fuller, No. 170 Broadway, New York, from whom copies may be obtained. The work to be done, consists of furnishing and installing, in the pumping station to be built by the city, the following machinery: Fourteen centrifugal pumps, direct-connected to electric motors, of approximate capacities and lifts as follows: Four pumps, 17,500 Imperial gallons per min., each 18 ft. lift. Two pumps, 11,900 Imperial gallons per min., each 18 ft. lift. Two pumps, 5,800 Imperial gallons per min., each 18 ft. lift. Two pumps 1,300 Imperial gallons per min., each 48 ft. lift. Two pumps, 350 Imperial gallons per min., each 15 ft. lift. Two pumps, 150 Imperial gallons per min., each 15 ft. lift. One rotary blower, direct-connected to an electric motor, and having a capacity of 5,600 cu. ft. of air against 5-lb. per sq. in. pressure. Two hand-operated traveling cranes, each of a capacity of six tons of 2,000 lbs. L. N. Senecal is Secy.

TORONTO, ONT.—Bids will be received by G. R. Geary, Mayor, and Chn. Bd. of Control, until noon, May 25, for cleaning, repairing and relaying the 6-ft. steel conduit lying between the intake and the tank on the lake shore.

RIDGETOWN, ONT.—Bids will be received by D. Cochrane, Town Clk., until 8 p. m., June 1, for water-works supplies and labor as follows: About 2,600 ft. of 8-in., 6,400 ft. of 6-in. and 3,700 ft. of 4-in. c.-i. water pipe, about eight tons of special cast-

ings, about 35 hydrants, valves, etc.; also for excavating for, laying and covering the above pipe, and one steel elevated tank.

PRINCE ALBERT, SASK.—Bids will be received until noon, May 31, by the City Commissioners for (1) extensions to water and sewerage system, including 12-in. c.-i. sewage pumping main, 2,365 lin. ft.; 10-in. c.-i. water main, 2,966 lin. ft.; 8-in. c.-i. water main, 1,654 lin. ft.; 6-in. c.-i. water main, 8,798 lin. ft.; 24-in. storm sewer vitrified pipe, 1,300 lin. ft.; 18-in. storm sewer vitrified pipe, 1,650 lin. ft.; 8-in. storm sewer vitrified pipe, 928 lin. ft.; 12-in. sanitary sewer vitrified pipe, 3,580 lin. ft.; 10-in. sanitary sewer vitrified pipe 440 lin. ft.; 8-in. sanitary sewer vitrified pipe, 7,648 lin. ft.; 35 manholes, 28 catch basins, (2) construction of concrete sewage pumping station No. 2; (3) supplying and erection of two electrically driven centrifugal sewage pumps and motors. F. A. Creighton is City Engr.

SEWERS.

(*Denotes that this work is advertised in Engineering News.)

ANSONIA, CONN.—The Sewer Commission is planning the extension of the sewer system through the First Ward and has instructed Vincent B. Clark, City Engr., to prepare the plans.

WINDSOR LOCKS, CONN.—J. E. Egan & Son have completed plans for the sewer system, which is now under consideration by the Sewer Commissioners. Bids will probably be received soon.

*JOHNSTOWN, N. Y.—Bids will be received until June 12 for the construction of a trunk sewer in or along the Cayadutta Creek, from Market St. to Main St. Grover E. Yerdon is City Clk.

BINGHAMTON, N. Y.—Bids will be received by the Bd. of Contract and Supply until May 31 for constructing vitrified pipe sewers in various streets.

BUFFALO, N. Y.—Bids will be received until June 1 by Francis G. Ward, Comr. of Pub. Wks., for the installation of a 48-in., 27-in. and 24-in. brick and an 18-in., 15-in. and 20-in. tile sewer in Delavan Ave.

KINGSTON, PA.—Bids will be received by W. J. Williams, Boro. Secy., until May 31 for the installation of sewers. Plans by Young & Wintermuth, 144 Second Natl. Bank Bldg., Wilkes-Barre, Pa.

NEW PHILADELPHIA, PA.—An election will be held June 5 for the purpose of issuing bonds to the amount of $140,000 for the installation of about 12 miles of sanitary and three miles of storm sewers and a disposal plant. G. E. Arnold is City Engr.

WESTCHESTER, PA.—Bids will be received by the Borough Council until June 14 for the installation of sewers and disposal plants here. A. F. Darnore, Jr., P. O. Bldg., Darby, Pa., prepared plans.

*WASHINGTON, D. C.—Bids will be received until June 5 by the Commissioners of the District of Columbia for the following sewers: Service sewer, Rock Creek Valley, north of Military Road; Cleveland Park; Tenleytown, D. C.; B. St., N. W., between Potomac River and 21st St.; 19th St., N. E., trunk sewer.

BLAKELY, GA.—Plans are being prepared by H. Jaudon Engineering Co., for the construction of a sewer system. Probable cost, about $80,000.

COLLEGEPARK, GA.—The city has retained Doak & McKechnie, of Greenville, S. C., as engineers in charge of installation of sewerage and water-works.

SAVANNAH, GA.—The extension and improvement of the storm water drainage system is contemplated. John W. Howard is City Engr.

Until 3 p. m., June 5, by Commissioners of Jasper County, at Rensselaer, Ind., for the construction of five stone road improvements in Keener Township. James N. Leatherman is County Audr.

Until 2 p. m., June 5, by Commissioners of Crawford County, at English, Ind., for the construction of pike roads in Jennings Township. J. Evan Jones is County Audr.

Until 2 p. m., June 6, by Commissioners of Daviess County, at Washington, for the construction of three gravel roads in Bogard and Madison Townships. Thomas Nugent is County Audr.

Until noon, June 6, by Commissioners of Pulaski County, at Winamac, Ind., for the improvement of two public highways. W. E. Munchenburg is County Audr.

Until 2 p. m., June 6, by Commissioners of Hamilton County, at Nobleville, Ind., for the construction of a gravel road in White River Township and macadam road in Jackson Township. George Griffin is County Audr.

Until 10 a. m., June 6, by Commissioners of Gibson County, at Princeton, Ind., for the construction of a gravel road in Columbia Township. William T. Roberts is County Audr.

Until 1 p. m., June 6, by Commissioners of Lawrence County, at Bedford, Ind., for the construction of eight gravel or macadamized roads. Ezra W. Edwards is County Audr.

Until 2 p. m., June 6, by Commissioners of Pike County, at Petersburg, for the construction of a gravel road in Patoka Township. John D. Gray is County Audr.

Until 2 p. m., June 6, by Commissioners of Greene County, at Bloomfield, for the construction of a macadam road in Taylor Township. Caswell H. Jenning is County Audr.

Until 10 a. m., June 6, by Commissioners of Wabash County, at Wabash, Ind., for the construction of a road on Pawpaw-Noble Township line. J. P. Noftzger is County Audr.

Until 2 p. m., June 6, by Commissioners of Knox County, at Vincennes, Ind., for the construction of gravel roads in Busseron and Vincennes Townships. John T. Scott is County Audr.

Until 10 a. m., June 6, by Commissioners of Gibson County, at Princeton, Ind., for the improvement of several public highways. William T. Roberts is County Audr.

Until 1.30 p. m., June 6, by Commissioners of Wabash County, at Wabash, Ind., for the improvement of the following highways: one on line dividing Waltz, Liberty and Noble Townships; one on line dividing Waltz and Noble Townships; one in Noble Township; and the highway petitioned for by W. O. Talbert. J. P. Noftzger is County Audr.

Until 11.30 a. m., June 6, by Commissioners of Clay County, at Brazil, for the construction of a stone and gravel road in Harrison Township and a gravel road in Sugar Ridge Township. Edgar A. Staggs is County Audr.

Until noon, June 6, by Commissioners of of Pulaski County, at Winamac, Ind., for the construction of two gravel roads in Beaver Township. W. E. Munchenburg is County Audr.

Until noon, June 6, by Commissioners of Porter County, at Valparaiso, Ind., for the construction of macadam roads in Pleasant Township. C. A. Blachly is County Audr.

Until 10 a. m., June 7, by Commissioners of Monroe County, at Bloomington, Ind., for the improvement of a highway in Bloomington Township. Horace Blakeley is County Audr.

Until noon, June 7, by Commissioners of White and Carroll Counties, at Auditor's office, Monticello, Ind., for construction of stone road on county line. A. G. Fisher is County Audr.

Until 2 p. m., June 8, by Commissioners of Posey County, at Mt. Vernon, Ind., for the construction of gravel roads as follows: One in Robb Township, one in Marrs Township, six in Smith Township, one in Lynn Township, and seven in Center Township. Paul Maier is County Audr.

Until 10 a. m., June 8, by Commissioners of Tippecanoe County, at Lafayette, Ind., for the construction of five gravel roads. George W. Baxter is County Audr.

Until noon, June 15, by Commissioners of Pulaski County, at Winamac, Ind., for the construction of a highway on line between Pulaski and Starke Counties. William E. Munchenburg is County Audr.

INDIANAPOLIS, IND.—Bids will be received by the Board of Public Works until 10 a. m., May 31, for grading and paving various streets. Edward A. Ramsey is City Clk.

INDIANAPOLIS, IND.—Bids will be received by the Board of Public Works, C. A. Schrader, Pres., until 10 a. m., June 2, for improving Graceland Ave., from 38th to 48th Sts., by curbing the inner edges of the roadway, constructing catch basin, providing inlets and resetting inlets; and Laurel St., from Propsect St. to Lexington Ave., by grading and paving the gutters with brick to a uniform width of 30 ins., as shown on plans.

CHICAGO, ILL.—See item under Sewers.

MOUNT CARMEL, ILL.—Bids will be received by E. E. Wright, Mayor, until 2 p. m., May 30, for the construction of 15,725 sq. yds. of vitrified brick pavement on concrete foundation, with cement filler, and concrete curb and gutter. Guy W. Courter is City Engr.

+WAUKESHA, WIS.—We are officially advised that the contract for constructing macadam pavements was awarded, on May 15, to F. BOORTZ, at $8,292.

+MILWAUKEE, WIS.—The Department of Public Works has awarded the contract for furnishing 4,500 cu. yds. of crushed stone for street improvement work on the east side to R. H. GUMZ, Milwaukee, at $1.23 per cu. yd.

ASHLAND, WIS.—The Ashland County Board have voted $13,700 for constructing a county road between Ashland and Mellen, and a road between Mellen and Price County.

HARLAN, IOWA.—We are officially advised that all bids received on June 5 for constructing 15,000 sq. yds. pavement were rejected. New bids will be received until June 5. O. F. Graves is City Clk.

MT. PLEASANT, IOWA.—Bids will be received by the City Clerk until June 2, for the following work: 10,710 sq. yds. brick pavement with asphalt filler on concrete base; 9,000 lin. ft. combined curb and gutter; 1,200 sq. yds. extra grading. Hall & Adams, Centerville, Iowa, are Engrs.

MINNEAPOLIS, MINN.—Bids will be received by A. P. Erickson, County Audr., until May 29, for resurfacing Road No. 41 and graveling parts of Roads Nos. 47 and 74 in the Town of Plymouth, and No. 8 in the Town of Hassan.

ALBERT LEA, MINN.—Bids will be received until June 1 for 30,000 sq. yds. of paving and 2.9 miles of concrete curbing. William Barneck, is City Engr.

BROWNSVILLE, TEXAS.—The city has voted $85,000 of bonds for street paving purposes.

LONGVIEW, TEX.—Plans and specifications will be completed in about two weeks, and bids will be advertised in 30 to 60 days for the construction of brick paving, to cost about $60,000. The Aetna Engineering Bureau, 17 North La Salle St., Chicago, Ill., are Engrs.

+HOUSTON, TEX.—The contract for laying creosoted block pavement on Washington Ave. has been awarded to HORTON & HORTON, Prince Theater Bldg., Houston, at $11,159.

FORT SILL, OKLA.—Bids will be received by Capt. David L. Stone, Constr. Q. M., U. S. A., until 10 a. m., June 10, for constructing madadam roads at Fort Sill.

+OLYMPIA, WASH.—The INDEPENDENT ASPHALT PAVING CO., Tacoma, Wash., has been awarded the contract for improving Main St., from Seventh to 18th Sts., at an approximate cost of $71,526.

PASCO, WASH.—Bids will be received by L. H. Koontz, City Clk., until 8 p. m., June 6, for the following work: 6,950 cu. yds. excavation, 78,890 sq. ft. sidewalks, 16,650 lin. ft. of curb.

SOUTH BEND, WASH.—Bids will be received by Chas. H. Mills, City Clk., until 5 p. m., June 5, for grading, filling and paving Water St., Adams St., Broadway and Quincy St., as provided by Ordinance No. 281. The estimated cost is $163,000. Plans and specifications are on file in the office of the City Clerk.

BAKERSFIELD, CAL.—The City Council will soon ask bids for paving about 38 city blocks with asphalt and petrolithic.

FRESNO, CAL.—The Board of Supervisors of Fresno County has instructed Scott McKay, County Surv., to make a survey for a new wagon road to the Grant National Park. The grading is estimated at $25,000.

+LOS ANGELES, CAL.—A contract for improving Sections 2 and 3 of the Harbor Boulevard has been awarded to BENT & PENNEBAKER, Central Bldg., Los Angeles, at $110,000. Section 1 of this road will be readvertised.

LOS ANGELES, CAL.—Plans are being prepared for improving the Covina-Lordsburg Rd., about eight miles long.

LOS ANGELES, CAL.—Bids will be received by the Board of Supervisors until 2 p. m., May 29, for improving portions of the Canada-Verdugo Road and Foothill Boulevard. M. J. Lelande is County Clk.

+OAKLAND, CAL.—The Southern Pacific R. R. Co., has awarded a contract to the OAKLAND PAVING CO., Oakland, Cal., for grading, curbing with granite, guttering with basalt blocks, paving with asphalt, constructing culverts, catch basins and manholes and reconstructing existing catch basins for a distance of 30 blocks in Seventh St., at $244,185.

STOCKTON, CAL.—Bids will be received by Eugene D. Graham, Clk. Bd. Supervs., until 10 a. m., June 6, for grading and paving Davis and Telegraph Roads for an approximate distance of 2.8 miles lin. ft.

COLLINGWOOD, ONT.—Bids will be received by K. S. Macdonnell, Town Engr., until 4 p. m., May 31, for the construction of all concrete sidewalks to be laid during the year 1911, approximately 40,350 sq. ft. to be laid at once. Specifications may be seen at the office of the Engineer.

+OTTAWA, ONT.—The following contracts were awarded on May 12 for asphalt paving: UNION CONSTRUCTION CO., $15,470, for Queen St.; OTTAWA CONSTRUCTION CO., $8,986, for Fairmont Ave.

MANUFACTURING PLANTS.

(+Denotes a contract awarded.)

AUGUSTA, ME.—The Central Locomotive & Car Works Co. has been organized with a capital of $600,000, to construct locomotives and cars. I. S. Kearney is Pres.

ROCKLAND, ME.—The Livingston Mfg. Co. has bought the land adjoining its lime manufacturing establishment on Lime St. and will erect a brick addition which will nearly double the capacity of the plant.

+CLINTON, MASS.—Official advices are to the effect that the contract for erecting a Hex netting Mill, 165 × 84 ft., and three stories and a tower, for the Clinton Wire Cloth Co., has been awarded to the FISKE CARTER CONSTRUCTION CO., of Worcester. It will be a fireproof structure, with brick walls, steel floor beams and concrete floors. Charles T. Main, 201 Devonshire St., Boston, Mass., is the Arch.

+FITCHBURG, MASS.—Official advices are to the effect that the Crocker, Burbank Co. has awarded a contract to WILEY & FOSS, of Fitchburg, for the construction of a 2-story factory, 100 × 300 ft., of brick. George F. Hardy, 309 Broadway, New York, is the Engr. Cost, $80,000.

+SALEM, MASS.—The contract for erecting a tannery for the Bay State Belting Co. has been awarded to PITMAN & BROWN. It will be of brick and concrete and three stories high.

+GREYSTONE, R. I.—The contract for the brick weave shed for the Greystone Mills has been awarded to the J. W. BISHOP CO., of Worcester, Mass.

STAMFORD, CONN.—We are officially advised that bids will be received in about three weeks by Charles T. Main, Arch., 201 Devonshire St., Boston, Mass., for the erection of a 7-story brass foundry, 282 × 61 ft., for the Yale & Towne Mfg. Co. It will be a fireproof structure, with a steel frame and concrete floors. Noted on May 11.

+BRIDGEPORT, CONN.—From plans of Beckwith & Jackson, Archs., of this city, BENJAMIN KING, of Stratford, Conn., has been awarded the contract for the erection of the factory building on Third St. for The Beach Mfg. Co. The building will be one story and basement, 60 × 140 ft., of reinforced concrete and concrete blocks.

+MERIDEN, CONN.—LEWIS A. MILLER, of this city, has been awarded the contract for the erection of the factory building on South Vine St. for the Meriden Board of Trade Industrial Corporation. The building will be of brick, 40 × 162 ft., four stories high, slow burning construction and when completed will be occupied by The Brown & Dowd Mfg. Co. There will also be a boiler-house, 20 × 35 ft.

NEW HAVEN, CONN.—A 4-story brick lumber mill, 40 × 150 ft., will be erected by Lewis Hawthorne on Chestnut St. on the site of his former mill, which was recently destroyed by fire. Mr. Hawthorne has temporary quarters at present at 46 Chestnut St. Erroneously noted May 11 under "Waterbury, Conn."

NEW YORK, N. Y.—Official advices are to the effect that bids will be received about May 29, by Hunt & Wiseman, Archs., 106 West 42d St., for the construction of a 6-story, mill construction, brick factory, 50 × 90 ft., at 16-18 Clark St. James C. Kuhn, candy manufacturer, 78 Carmine St., is the owner.

The National Biscuit Co. will not erect a plant in the immediate future on the property recently purchased by the company, which is bounded by Tenth Ave., 15th, 16th and Marginal Sts. The project is only at a preliminary stage at present, we are advised. Noted last week.

COLLEGE POINT (Flushing post-office), N. Y.—The United States Metal Products Co. is to build a frame factory, 250 × 157.6 ft., at College Point, on the south side of Third Ave, to cost $20,000.

BUFFALO, N. Y.—The Standard Oil Co., H. P. Chamberlain, Mgr. of the Atlas Works, Elk and Babcock Sts., will build a 1-story steel car repair shop at 1103 Elk St.

The Buffalo Wire Works Co. has completed plans for a 4-story and basement fireproof factory and office building to be erected at 320-322 The Terrace, adjoining its present plant.

The General Drop Forge Co. will build a 1-story steel blower house at 4-8 plant at Elmwood Ave. and Erie R. R.

POUGHKEEPSIE, N. Y.—R. W. Delaphena & Co., chocolate and grocers' supply manufacturers, 17 Jay St., New York, have bought a $40,000 site for a factory here, 100 × 400 ft. Plans will be prepared by Percival M. Lloyd, Arch.

SENECA FALLS, N. Y.—The Goulds Mfg. Co. has completed plans for extensive additions to its plant, to include two machine

shops, each 350 × 150 ft., one story, and a 4-story factory, 250 × 110 ft., at a total cost of about $250,000.

HORNELL, N. Y.—The Erie R. R. Co. plans to expend $60,000 on enlarging the Hornell shops, it is reported. F. A. Howard, of New York, is Asst. Mgr. of bridges and Buildings.

✚HOBOKEN, N. J.—The general contract for a factory building on the west side of Clinton St., between Eighth and Ninth Sts., Hoboken, for the Oriental Metal Bed Co., has been awarded to the GOLDBERG CONSTRUCTION CO., of Newark. The building, which will be from plans by Max J. Beyer, Arch., will be of brick, three stories in height and 60 × 200 ft. The cost will be $29,450, we are officially advised.

BAYONNE, N. J.—The American Radiator Co. has purchased property here for the purpose of erecting a 2-story reinforced concrete warehouse, with a floor area of 144,000 sq. ft. After this building is completed a manufacturing plant of at least three units will be built. It will include a foundry and machine shop, and they will contain all the equipments necessary to turn out the manufactured products in the finished state. Not only radiators will be manufactured, but entire heating plant systems as well. The plans are now in the hands of the contractors for estimates, and the probable cost of the first construction will be in the neighborhood of $250,000, according to reports.

NEWARK, N. J.—W. E. Lehman, Arch., 738 Broad St., has completed plans for the construction of a 5-story brick factory building to be erected at Austin and Astor Sts. for W. J. Rosenbaum & Co. Estimated cost, $50,000.

W. Orrin Bartlett, Arch., 738 Broad St., is receiving bids for the construction of a 5-story brick mill construction building to be erected at Orange and High Sts. Estimated cost, $50,000.

BRIDESBURG (Philadelphia post-office), PA.—Estimates are being received by Metzger & Wells, Heed Bldg., Philadelphia, on a plant in Bridesburg for the Abrasive Material Co., planned by Stanford B. Lewis. This includes a 1 and 2-story main building, 348 × 124 ft., with a wing 124 × 66 ft., and a 1-story office building, 43 × 66 ft., at James and Fraley Sts.

✚PHILADELPHIA, PA.—We are officially advised that CRAMP & CO., 25 East 26th St., New York, have been awarded the contract to erect a 5-story and basement factory at Allen and Palmer Sts., Philadelphia, for the American Can Co. It will be of reinforced concrete construction, and 80 × 400 ft. Cost, $180,000. Noted last week.

✚The contract to erect a 3-story addition to the carriage factory owned by the George W. Garrett & Son Co., 29th and Spring Garden Sts., has been let to the WAYNE CONTRACTING CO., 1214 Filbert St.

Ballinger & Perot, Archs., 1211 Arch St., have completed plans for a bread-baking plant, to be erected at 25th, York and Hagert Sts. for the Acme Tea Co. The buildings will consist of bakery, offices and power house, and will have a frontage on 25th St. of 225 ft. and on Hagert and York Sts. of 162 ft. Cost, $100,000.

✚M. P. MURPHY, 263 South Tenth St., has been awarded the contract for the erection of the yarn mill for Boger & Crawford, at the corner of Ontario and Janney Sts.

Property at Vine and Juniper Sts. has been purchased by Leon and Isaac H. Goodman for the purpose of erecting an 8-story factory building, it is stated.

J. Edwards & Co., 606 Cherry St., are having plans prepared for a $100,000 factory at 600 to 616 Cherry St.

RICHMOND, VA.—The Orris Products Corporation, makers of orris powder, American National Bank Bldg., organized with $100,000 capital stock, plans to install a root-drying house with cleaning and powdering machinery. The officers are: John T. Howe, Pres. and Mgr.; T. J. King, Vice-Pres. and Warner Moore, Secy. and Farm Mgr.

WINSTON-SALEM, N. C.—A box factory is being planned at Winston-Salem by the Mengel Box Co., of Louisville. It will require the erection of a 200 × 200-ft. 3-story building and the installation of machinery for manufacturing plub tobacco and tobacco shipping boxes. This plant is intended to suply the needs of the R. J. Reynolds Tobacco Co. of Winston-Salem, it is stated.

BARNESVILLE, GA.—The Aldora Mills, of Barnesville, will erect an additional building, two stories high, of brick construction, 100 × 240 ft., and install looms. The company has contracted for electric power from the local transmission system of the Central Georgia Power Co., of Macon. It is stated that the enlargement will cost $150,000.

MOORINGSPORT, LA.—C. D. Webster, of Orange, Tex., is at the head of the Webster Refining Co. that has been organized with a capital stock of $25,000 to erect an oil refinery at Mooringsport.

CLEVELAND, OHIO.—Plans are being prepared by J. Milton Dyer, Arch., Cuyohoga Bldg., for the construction of a 3-story cloak factory and power plant, 290 × 175 ft., for the Sunshine Cloak Co., 1242 West Third St., and M. E. Silver & Co., 1239 West Ninth St., it is reported. Estimated cost, $300,000.

SPRINGFIELD, OHIO.—Bids will be received until noon, June 5, by the Board of Trustees of the District Tuberculosis Hospital, of Champaign, Clark, Greene and Madison Counties, at the office of Dr. Henry Baldwin, Supt., for the erection of a laundry building. W. X. Shilling, Bushnell Bldg., is the Arch.

✚TOLEDO, OHIO.—S. BENTLEY & SONS have been awarded the contract to build the factory for the Toledo Biscuit Co. on George St., in the rear of the Terminal Station. Work is to be started on the project in a few days. The building, which will replace the one destroyed by fire several months ago, will be of reinforced concrete.

✚The Willys-Overland Automobile Co. recently let a contract to W. E. WOOD, of Detroit, Mich., to build a plant which is to be 300 × 400 ft. in size and five stories high. It will be of reinforced concrete and as near fireproof as it is possible to make it. The capacity of the plant, when completed, will be 110 cars daily. Cost, $300,000. J. N. Willys is Pres.

✚YOUNGSTOWN, OHIO.—The contract for building the plant of the Youngstown Carriage & Wagon Co., in East Boardman St., was let recently to H. D. STONEROOK. Estimated cost, $50,000.

✚GARY, IND.—The RITER-CONLEY CO., 57th and Butler Sts., Pittsburg, Pa., have been awarded contracts aggregating $1,000,000 for the construction of the plant of the Gary Screw & Bolt Co., which is to be erected adjoining the steel plant. Work will be started at once. The new company is a subsidiary of the Pittsburg Screw & Bolt Co., which is an independent corporation. It is expected that the new factory will be in operation this fall. About 1,000 men will be employed.

DECATUR, IND.—The Ward Fence Co. has ordered plans on which bids will be asked for the construction of a 200-ft. addition to its factory. The building will be of brick, two stories high.

EVANSVILLE, IND.—The Klamer-Goebel Furniture Co. has ordered plans on which bids will be received for the construction of a furniture factory. Estimated cost, $60,000.

INDIANAPOLIS, IND.—The Butchers' Packing Co., recently incorporated with a capital of $300,000, has ordered plans on which bids will be asked for the construction of a packing plant, to cover ten acres of ground. L. P. Cornet, F. G. Ditman, Abner Lewis, C. F. Koehle and James Gibson are Dirs.

DETROIT, MICH.—A tract of 12 acres on Westminster Ave., between Russell St. and the Grand Trunk tracks, has been purchased by Schwanbeck Bros., showcase manufacturers, for the site of a plant, to cost $200,000. There will be a separate power plant with a 300-HP. Corliss engine, also an electrical plant, as some of the machinery will be driven by motors. An administration building will front on Russell St., and will be 50 × 75 ft. and two stories in height. It is expected that just as soon as the machinery is installed work will begin on another large building, a duplicate of the first one.

✚JEFFERSON, WIS.—The Vaughn Mfg. Co. awarded the general contract for the erection of its $35,000 plant here to JOHN J. SPANGLER, of Jefferson. Julius Heimerl, 243 34th St., Milwaukee, is Arch.

✚RANDOM LAKE, WIS.—Charles Hamm has awarded the general contract for the erection of a brewery to W. C. RUNGE, of Plymouth, at $12,681.

MILWAUKEE, WIS.—The American Malted Food Co., of Milwaukee, has purchased a tract at 35th Ave. and the Milwaukee Road tracks, and proposes to erect a factory before the end of the year. Tentative plans are for a 4-story building of brick and steel, a warehouse and an office building, the whole to cost about $65,000.

✚H. P. Schnetzky & Son, Archs., have awarded contracts for the erection of a $45,000 garage for August Richter, Jr., to be occupied by the Kissel Kar Co., on Seventh St., north of Grand Ave., as follows: Mason, WILLIAM LIETZ, 2128 Elm St., Milwaukee; concrete, GREAT NORTHERN CONCRETE CO., Germania Bldg., Milwaukee; carpenter, AUGUST HOLSTEIN, 1726 Chestnut St.; plumbing, F. C. KUETEMEYER, 55 Oneida St.; iron work, BAYLEY STRUCTURAL IRON CO., Hathaway Bldg. The building will be four stories and basement high, 50 × 150 ft., of concrete, brick and steel construction. Noted on April 27.

The Milwaukee Electric Ry. & Light Co. has been granted a permit to build a 1 and 2-story repair shop, 370 × 180 ft., of steel and brick construction, at Cold Spring Ave. and 40th St., to cost $90,000. The company will do the work on its own account.

✚OSHKOSH, WIS.—The Bell-Dauber Machine Co., formerly the C. G. Dauber Machine Co., has awarded contracts for the erection of the first unit of its plant on Jackson St. and railroads as follows: Concrete and mason, BADGER CONCRETE CO., of Oshkosh; steel, MILWAUKEE BRIDGE CO., of Milwaukee. Cost, $20,000.

BROWNWOOD, TEX.—Dr. M. M. Scott, who recently purchased the townsite of Owens, near here, will make extensive improvements to the property, including the installation of public utility plants.

HOUSTON, TEX.—The Kansas City Structural Steel & Iron Co., of Kansas City, Mo., has concluded the preliminary arrangements for the establishment here of iron and steel works, to cost $200,000. The plant will employ about 250 men. Howard A. Fitch is Pres. and Fred H. Fitch, Treas. Although the Texas Company will be fostered and built by officers of the Kansas City Company, the Houston plant will be a distinct organization and will be known as the Texas Structural Steel & Iron Co.

HOUSTON, TEX.—The Commercial Motor Car Co., of San Antonio, an organization capitalized at $100,000, has closed a deal for the outright purchase of a manufacturing site in the suburb named, and their full equipment will be removed from San Antonio and shipped to Houston at once, according to press reports. The officers of the company are: Z. Z. Brandon, Pres.; W. E. Tyford, Vice-Pres.; L. J. Brandon, Secy. and Treas. The Board of Directors will consist of the following: Z. Z. Brandon, W. E. Tyford, L. J. Brandon, W. C. Berry and H. O. Skinner.

PHOENIX, ARIZ.—The LORKE MFG. CO., of York, Pa., has been awarded the contract for installing a 65-ton cold storage plant for the Phoenix Machine & Cold Storage Co.

ANTIOCH, CAL.—The American Safety Powder Corporation has been incorporated with a capital stock of $5,000,000 for the purpose of manufacturing a safety blasting powder which is made by a secret process. The plant is to have a capacity of 7,000,000 lbs. a year. A plant is to be erected near Antioch. The incorporators are: Herbert E. Law, E. O. Lindblom, P. A. Brangier, L. A. Stegir, J. W. Schultz, J. B. Rogers and Luther Elkins.

CHINO, CAL.—Carl Leonardt, H. W. Hellman Bldg., Los Angeles, has been awarded the contract for erecting a 2-story brick factory building for the American Beet Sugar Co. at Chino. The building is to be 60 × 200 ft. with steel framed roof and concrete roof slabs. Other details noted May 4.

✚CORONA, CAL.—The California Alfalfa Meal Milling Co., of Los Angeles, has awarded contract to A. T. HOFFMAN, of Corona, to erect a local mill. It will be 200 × 250 ft. It will be the first of eight or ten mills to be erected by the same company in California, each to cost about $25,000.

OAKLAND, CAL.—The Western Tool & Mfg. Co. has been incorporated to erect a factory here, at 957 Broadway. Those interested are: W. A. Sturgeon, J. H. Rackerbry, J. W. Howard and A. J. Sturgeon.

PORT ARTHUR, ONT.—The city has concluded an agreement with J. L. McRae for the establishment of a factory for making interior finishings, to cost $60,000.

WELLAND, ONT.—The Canadian plant of the American Implement Co., the $50,000,000 combination organized by the Deere interests, will be located at Welland, along the banks of the canal. Already 250 acres of land have been purchased for a site, and over $250,000 invested in the Dain factory now owned by the Deere Company. This industry, when established, will be, it is said, the largest in Canada, and the original estimate of 2,500 employees at the Welland plant will probably be greatly exceeded, it is reported.

✚D. DICK & SONS, of Welland, have secured the contract for the proposed buildings for the Canada Steel Foundry Co., at a cost of $250,000.

WELLAND, ONT.—The Dominion Metals Co., Ltd., John N. Lake, Pres., Dufferin St., Toronto, has acquired a site here and will build a gold and silver smelting and refining plant. Upon completion, the present plant in Toronto will be moved to this city.

MISCELLANEOUS CONTRACTS.

*(*Denotes that this work is advertised in Engineering News.)*

*DREDGING.—Portland, Me.—Bids will be received by Lt.-Col. W. E. Craighill, Corps Engrs., U. S. A., Portland, until June 17, for dredging in Exeter River, N. H.

QUAY WALL.—Portsmouth, N. H.—Bids will be received by the Bureau of Yards and Docks, Navy Dept., Washington, D. C., until 11 a. m., June 10, for a granite block quay wall extension at the navy yard, Portsmouth. Plans and specifications obtained on application to the Commandant of the Navy Yard. C. Holyday is Ch. of Bureau.

REPAIRING BREAKWATER.—Mass.—Bids were received by Col. Frederic V. Abbott, Corps Engrs., U. S. A., Boston, for repairing breakwater at Gloucester, Mass.: The Breakwater Co., Philadelphia, Pa., 79 cts. per ton; (B) The Rowe Bros. Co., Richmond, Mass.

CONDUIT SYSTEM.—Gloucester, Mass.—The New England Telephone & Telegraph Co. has secured a franchise to build an underground conduit system from the Manchester line to the Manchester, Mass., boundary, it is reported.

*DREDGING.—Boston, Mass.—Bids will be received until noon, June 22, by Frederic V. Abbot, Corps Engrs., U. S. A., Boston, for dredging in Weymouth, Back River.

DREDGING.—Boston, Mass.—Bids were received on May 19 by the Massachusetts Harbor and Land Commission, Frank W. Hodgdon, Ch. Engr., for dredging in Winthrop: (a) Dredging near Point Shirley; (b) dredging in main channel. Dredging Co., (a) 28.7 cts., (b) 30½ cts.; (c) J. P. O'Riordan, (a) 30½ cts., (b) 30 cts.; (c) Bay State Dredging Co., (a) 29 cts., (b) 28 cts.

✚ENGINE HOUSE.—Springfield, Mass.—The Board of Fire Commissioners has awarded to J. G. ROY the contract for erecting an addition to the Pine Street house at $23,350.

✚RETAINING WALL.—Springfield, Mass.—The contract for building the retaining wall on Railroad St. was awarded May 19 by the Board of Public Works to J. F. KENNEDY, JR., at $11,720.

*DREDGING.—Newport, R. I.—Bids will be received until 2 p. m., June 20, by Frederic V. Abbot, Corps Engrs., U. S. A., Boston, for dredging in Providence River and Harbor.

TIMBER, LUMBER, ETC.—Otisville, N. Y.—Bids will be received by the Board of Health, Dept. of Health, until 10 a. m., June 2, for furnishing and delivering timber, lumber, molding, etc., required for the construction of additional buildings and improvements to existing buildings at the tuberculosis sanatorium, Otisville, Orange County.

IMPROVING PLAYGROUND.—New York, N. Y.—Bids will be received by the Park Board until 3 p. m., June 1, for improving the playground located on the north side of Cherry St., between Market St. and the Manhattan Bridge, Boro. Manhattan.

✚GRAND STAND.—New York, N. Y.—The contract has been awarded to the SNARE & TRIEST CO., 143 Liberty St., New York, for the reconstruction of the grand stands at the Polo Grounds, recently destroyed by fire. The stands will be of reinforced concrete and steel. Noted on May 11.

✚CONCRETE PIER.—New York, N. Y.—The ROBBINS-RIPLEY CO., 50 Church St., New York, has been awarded the contract for constructing a concrete pier at Ellis Island. The pier is to be built entirely of reinforced concrete, the piling being 18 ins. square and about 30 ft. long, and composed of 1, 2, 4 mixture, in which an approved waterproofing will be used. The beams, girders and deck are also of reinforced concrete.

LUMBER, ETC.—New York, N. Y.—Bids will be received by R. Waldo, Fire Comr., until 10.30 a. m., May 31, for furnishing and delivering lumber, etc.

MANHOLE FRAMES AND COVERS.—New York, N. Y.—Bids will be received by R. Waldo, Fire Comr., until 10.30 a. m., June 1, for furnishing and delivering 50 manhole frames and covers for the fire-alarm telegraph, Boro. Manhattan, and 50 manhole frames and covers for the fire-alarm telegraph, Boro. Brooklyn.

(Continued on opposite page.)

CONTRACT PRICES.

WATER-WORKS.—New York, N. Y.—Bids were received on May 4 by the Board of Water Supply for Contract 77, Wakefield Ave. blow-off, from the Hill View Reservoir, as follows: (A) T. J. & G. L. Brown, 87 Hamilton Pl., New York; (B) Keystone State Construction Co., Pennsylvania Bldg., Philadelphia, Pa.; (C) King, Ganey Contracting Co., 120 Broadway, New York; (D) D. Cuozzo & Co., Park Row Bldg., New York; (E) Voorhees-Sullivan Contracting Co., Dorchester Pl., Fordham, N. Y.; (F) Godwin Construction Co., 30 Church St., New York; (G) Wm. F. Norton, 215 West 125th St., New York; (H) T. M. McLeod Co., 90 West St., New York; (I) Patrick Derry, 44 Jane St., New York; (J) F. N. Lewis, 263 Fourth Ave., New York; (K) Sillery, Nordone & Sillery, Mt. Vernon, N. Y.; (L) Phoenix Construction Co., 41 Park Row, New York:

BREAKWATER, ETC.—Cleveland, Ohio.—Bids will be received until 10 a. m., June 26, by Col. John Millis, Corps Engrs., U. S. A., Cleveland, for constructing breakwaters and removing breakwater at Conneaut Harbor, Ohio.

+COAL HANDLING EQUIPMENT, ETC.—Akron, Ohio.—The Colonial Salt Co. will install a complete coal storage system with coal handling equipment and suction ash-handling apparatus. The contract has been awarded to the GUARANTEE CONSTRUCTION CO., 90 West St., New York.

DREDGING.—Detroit, Mich.—Bids were received on May 15 by Col. C. McD. Townsend, Corps Engrs., U. S. A., Detroit, for dredging Clinton River. The Muir-O'Sullivan Dredge & Dock Co., Port Huron, Mich., submitted a bid of 35 cts. per cu. yd. place measurement.

*DREDGING.—Chicago, Ill.—Bids will be received until 10 a. m., June 3, by Lt. Col. George A. Zinn, Corps Engrs., U. S. A., Chicago, for dredging in Michigan City Harbor, Ind. Advertised last week.

DREDGING.—Chicago, Ill.—The Great Lakes Dredge & Dock Co., of Chicago, has been recommended for award of contract by Lt. Col. George A. Zinn, Corps Engrs., U. S. A., for dredging in Indiana Harbor, Ind., at the following prices: 54,000 cu. yds., between piers, 19¼ cts. per cu. yd., place measurement; total, $10,665; 181,000 cu. yds. dredging in Lake, scow measurement, 25 cts.; total, $45,275. Grand total, $55,940.

*CHANNEL EXCAVATION.—Chicago, Ill.—Bids were received on May 18 as follows by I. J. Bryan, Clk. Sanitary District of Chicago, American Trust Bldg., Chicago, for excavation and collateral work on Contract Section 3 of the Calumet Sag Channel. The approximate quantities are: 325,000 cu. yds. of glacial drift, 197,000 cu. yds. of rock excavation, 183,500 sq. ft. of channeling, 7,560 cu. yds. of concrete retaining wall, 11,400 sq. yds. of riprap slopes: S. R. H. Robinson & Son Contracting Co., St. Louis, Mo., $324,880; Foley & Gleason Co., Aitkin, Minn., $318,630; Robert Grace Contracting Co., Cleveland, Ohio, $354,240; John Marsch, Chicago, $355,115; John J. McCaughey, Chicago, $384,470; Shnable & Quinn, Chicago, $384,799; Marquette Construction Co., Chicago, $416,787; National Contracting Co., Chicago, $431,825.

DITCH.—New Ulm, Minn.—Bids will be received until May 27 by Louis G. Vogel, County Audr., New Ulm, for the construction of Brown County Ditch No. 18. The following tile will be required: 2,000 ft. of 6-in., 7,959 ft. 7-in., 1,400 ft. 8-in., 800 ft. 10-in., 2,500 ft. 12-in., 600 ft. 14-in. and 2,680 ft. 15-in. Bids may be submitted on either clay or cement tile; also an open outlet ditch 1,320 ft. long, 4 ft. wide at bottom. C. N. Robertson, of Sleepy Eye, Minn., is Engr.

*CANAL.—St. Paul, Minn.—Bids will be received until 2 p. m., June 19, by Maj. Francis R. Shunk, Corps Engrs., U. S. A., St. Paul, for the construction of a canal between Lake Winnibigoshish and Leech Lake, headwaters of the Mississippi River.

DRAINAGE.—Billings, Mont.—Bids will be received soon for the construction of the Hulling drain. The Gerharz Engineering Co., is Engr., Billings.

DITCH.—Paragould, Ark.—The county proposes to construct a ditch to cost about $250,000. J. D. Mitchell, of Rector, and C. E. Waddell, of Paragould, are Engrs.

CAST IRON.—San Diego, Cal.—Bids will be received by the Department of Finance, Ways and Means, until 11 a. m., May 29, for furnishing cast iron to the city. Percival E. Woods is Supt.

SEAWALL.—Coronado, Cal.—Plans have been completed by A. Ervast, City Engr., for a granite or concrete wall four feet high along Dream Front Boulevard. Estimated cost, $10,000.

DREDGING.—Belleville, Ont.—Bids will be received until 4 p. m., May 26, by R. C. Desrochers, Secy. Dept. Pub. Wks., Ottawa, Ont., for dredging required here.

DREDGING.—Ottawa, Ont.—Bids will be received until 4 p. m., May 31, by L. K. Jones, Secy. Dept. Railways and Canals, Ottawa, for dredging Murray Canal.

+PLAZA.—Ottawa, Ont.—The Department of Public Works has awarded the contract for the construction of a plaza between Dufferin and Sappers' Bridges, Ottawa, to JOHN O'TOOLE and WILLIAM McGILLIVRAY, of Ottawa.

HARBOR IMPROVEMENTS.—Port Colborne, Ont.—Bids will be received by L. K. Jones, Secy. Dept. Railways and Canals, Ottawa, until May 31, for improvements in harbor. Plans, etc., on application to the Department, Ottawa, or Superintending Engr., St. Catharines.

PIER EXTENSION.—Sault Ste. Marie, Ont.—Bids will be received until June 6, by L. K. Jones, Secy. Dept. Railways and Canals, Ottawa, for the construction of an extension to the north mooring pier at upper entrance. Plans, etc., on application to the Department, Ottawa, or Engineer-in-Charge, Sault Ste. Marie.

+DREDGING. — Cuba. — The Cuban Ports Improvement Syndicate, T. L. Huston, Pres., has sublet, it is reported, the entire work of dredging at Havana, Guantanamo, Santiago, Cienfuegos, Cardenas, Malanzas and Esperanza to MICHAEL J. DADY, 350 Fulton St., Brooklyn, N. Y. The contracts aggregate $7,000,000, and were signed on May 18, it is stated.

PAVING.

Chattanooga, Tennessee.

Sealed proposals will be received until 1.00 P. M., June 15th, 1911, by the Hamilton County Road Commission, Chattanooga, Tennessee, then publicly opened, for improving Main Street (Montgomery Avenue) between the Chattanooga Corporation Line at East End Avenue and the Ringgold Road, Ridgedale, Tennessee, for the construction thereon of a pavement of the type to be selected by the Road Commissioners, being either vitrified brick, bituminous concrete or bituminous macadam, with concrete curb and gutters.

Approximately 32,000 sq. yds. of pavement and 19,000 lineal feet of concrete curb and gutter will be built, with an additional amount of approximately 75,000 sq. yds. of pavement and 42,000 lineal feet of concrete curb and gutter to be built on the streets authorized and to be let at a later date.

Plans may be seen, and Specifications and Blank Forms of Proposal can be obtained at the office of the Road Commission, at Chattanooga, Tennessee. Proposals must be accompanied by a certified check for Five Hundred ($500.00) Dollars, drawn to the order of Joe V. Williams, County Judge of Hamilton County, Chattanooga, Tennessee.

The right is reserved to reject or accept any proposal in part or as a whole.

HAMILTON COUNTY ROAD COMMISSION,
E. D. BASS, Chairman.

STATE STREET PAVING.

Bridgeport, Conn.

Sealed proposals will be received at the office of the Paving and Sewer Commission, Room 22, City Hall, Bridgeport, Conn., until Monday, June 5, 1911, at 8 o'clock P. M., for furnishing and laying about 23,680 square yards of wood block paving on State Street, in said city, from Broad Street to Fairfield Avenue. Separate proposals are required for the wood block, and for the furnishing of all other materials, and labor, except the wood block.

Specifications and blank forms for bidding may be obtained from Bernard Keating, Secretary, Room 22, City Hall.

The Commission reserves the right to reject any or all bids.

THE PAVING AND SEWER COMMISSION,
By BERNARD KEATING, Secretary.

PIPE, VALVES, ETC.

Evansville, Ind.

Sealed bids will be received by the City of Evansville, Indiana, up to 10 A. M., June 17th, 1911, at the office of Alvord & Burdick, Engineers, No. 1417 Hartford Bldg., Chicago, Ill., for furnishing the following material: Approximately 250 tons C. I. Pipe and Specials; 30 Valves, from 4" to 30" in size; One 24" Venturi Meter and one Pitometer, in accordance with the plans and specifications of the Engineers.

The right is reserved to reject any and all bids.

BOARD OF WATER COMMISSIONERS,
HENRY L. HEILMAN, Secy.
JOHN W. ALVORD,
CHAS. B. BURDICK,
Engineers.

SUB-CONTRACTORS.

100,000 cubic yards rock excavation, railroad work, located in Pennsylvania, suitable for small steam shovel plant or teams and cars.

This is a nice piece of work at good prices and firms bidding must come well recommended and able to give bond.

Address "F. B. 21," Engineering News, New York City.

U. S. ENGINEER OFFICE, Boston, Mass., May 22, 1911.—Sealed proposals for dredging in Weymouth Back River, Mass., will be received here until 12 m., June 22, 1911, and then publicly opened. Information on application. FREDERIC V. ABBOT, Col. Engrs.

U. S. ENGINEER OFFICE, 815 Witherspoon Building, Philadelphia, Pa.—Sealed proposals for dredging in Delaware River, on Tinicum and New Castle Ranges, will be received here until 12 noon, June 24, 1911, and then publicly opened. Information on application. HERBERT DEAKYNE, Major, Engrs.

RESERVOIR.

Kenton, Ohio.

Sealed bids will be received by the Director of Public Service at the office of said director until 12 o'clock noon, June 6th, 1911, for furnishing the materials and labor for constructing a reinforced concrete reservoir, approximately two million gallons capacity, also for the building of additions and making alterations to the pumping station at the City Water Works Plant, according to plans and specifications on file in said office.

Each bid must be accompanied by a bond in the sum of $500.00, or a certified check on some solvent Kenton, O., bank, as a guaranty that if the bid is accepted, a contract will be entered into and its performance properly secured.

By order of the Director of Public Service.

G. S. BINCKLEY,
Clerk.

Kenton, Ohio, May 18, 1911.

SEWER.

Johnstown, N. Y.

Sealed proposals for the construction of a Trunk Sewer in or along the Cayadutta Creek, from Market Street to Main Street, will be received by the undersigned up to the 12th day of June, 1911, at 7.30 o'clock p. m., at which time they will be publicly opened and read for the following estimated quantities:

240 lin. ft. 24" vitrified tile sewer.
510 lin. ft. 24" iron pipe sewer.
600 lin. ft. 30" vitrified tile sewer.
1,030 lin. ft. 30" iron pipe sewer.
122 lin. ft. in 11 brick manholes.
700 cu. yds. slate rock excavation.

Bidders are required to submit a certified check of $500.00 with the bid.

Plans, profiles and specifications may be seen, and blank forms and all necessary information obtained at the office of the City Engineer.

GROVER E. YERDON,
City Clerk.

WATER DISTRIBUTION SYSTEM.

Newport, N. Y.

Sealed proposals for construction of a Water Distribution Main and Distribution System for the Village of Newport, N. Y., will be received until the 29th day of May, 1911, at the office of the Village Clerk until 10 o'clock a. m. of that day, at which time and place all proposals will be opened and read.

Each proposal shall be accompanied by certified check or New York draft payable to the Village Treasurer for the sum of one thousand dollars ($1,000.00), and the successful Contractor for the construction of the system will be required to give a bond with some satisfactory surety in the penalty of 50 per cent. of the amount of the bid, both the form of the bond and surety to be satisfactory to the Board of Water Commissioners.

Plans, specifications, approximate quantities and proposal forms upon which the bids must be submitted, may be seen at the office of the Board of Water Commissioners.

The Board of Water Commissioners reserves the right to reject any or all bids.

All proposals shall be addressed "Board of Water Commissioners, Newport, N. Y.," and shall be endorsed with the name and address of the bidder, and be marked "Proposal for Water System."

All proposals must state the name and address of the proposed surety or sureties.

No proposal will be allowed to be withdrawn after it has been deposited with or received by the Board of Water Commissioners.

For all further particulars address the Secretary of the Board of Water Commissioners or the Engineers.

All proposals which do not contain prices for all the items which are called for in the form for proposals, or which are otherwise not in conformity with this notice, will be rejected.

Prices must be expressed in both words and figures.

The number of calendar days in which the work will be completed shall be stated by Contractor in his proposal.

VROOMAN and PERRY, Engineers.
MILLARD N. PEARCE,
JOHN T. DAVIS,
JOHN B. LANKTON,
FRED W. BEGENT,
Water Commissioners.
CHARLES L. FELLOWS, Secretary.

Dam, Head-Works, Canals, Tunnels, Etc., of the South San Joaquin Irrigation District.

Manteca, San Joaquin Co., Cal.,
May 16, 1911.

Sealed proposals or bids will be received by the Directors of the South San Joaquin Irrigation District at their office in Manteca, Cal., up to 10 o'clock A. M. of the 19th day of June, 1911, for furnishing the materials for and constructing

Contract-Division 1
" " 2
" " 3
" " 4
" " 5
" " 6

of their Irrigation System; and said Proposals or Bids will be opened and read in public meeting at said office immediately thereafter.

Contract-Division 1 and Contract-Division 2 will be let jointly by the South San Joaquin and Oakdale Irrigation Districts, and will be paid for as follows:

	By S.S.J. Dist.	By Oak. Dist.
Contract-Division 1.....	50%	50%
Contract-Division 2.....	about 81%	about 19%

Contract-Divisions 3, 4, 5 and 6 will be let and paid for solely by the South San Joaquin Irrigation District.

Copies of the Contract-Forms, Specifications, General Plans, and Forms of Bids may be seen and further information obtained at the following places:

Office of the Directors, Manteca, Cal.
Office of the Chief Engineer, 1315 Humboldt Bank Bldg., San Francisco, Cal.
Office of Engineering News, New York and Chicago.
Office of Engineering-Contracting, Chicago.

Proposals will be made upon Forms provided therefor, and only such proposals will be considered as are complete, in proper form, comply with the requirements herein stated, and are offered by parties of known reputation, experience and responsibility.

Proposals for the construction of any or all of the six Contract-Divisions will be received from any bidder; but the proposal for each Contract-Division must be made separately, upon a separate and distinct Form or Blank.

Each bidder will be required to deposit with his proposal in the office of the Directors, as security for the execution by him (if his bid be accepted) of the contract and the giving of the required bond within fifteen (15) days after due notice of the acceptance of his bid, certified checks payable to the order of J. S. Moulton, Treasurer, for the following amounts:

With the Proposal for Contract-Division 1, a certified check for.. $5,000
With the Proposal for Contract-Division 2, a certified check for.. $1,000
With the Proposal for Contract-Division 3, a certified check for.. $1,000
With the Proposal for Contract-Division 4, a certified check for.. $1,000
With the Proposal for Contract-Division 5, a certified check for.. $1,000
With the Proposal for Contract-Division 6, a certified check for.. $1,000

The Bidder to whom the Contract for any Contract-Division is awarded will be required to give an approved bond, with two approved sureties or an approved Surety Company, for twenty-five per cent. (25%) of the amount of his contract, conditioned for the faithful performance and completion of the Contract.

Contracts will be awarded to the lowest responsible bidder—or if considered by the Directors for the interest of the District all bids may be rejected. Should bids for all six of the contracts be received from a single bidder and should the aggregate amount of such bids be less than the sum of the lowest bids received from separate bidders; then in such event preference will be given by the Directors in awarding the contracts to the single bidder on all six contracts.

The various contracts must be entirely completed at dates not later than the following:

Contract-Division No.	1,	March 31,	1912.
" " "	2,	" 1,	1913.
" " "	3,	" 1,	"
" " "	4,	" 1,	"
" " "	5,	" 1,	"
" " "	6,	" 1,	"

And Bids will be received contemplating the completion of the work of the various contracts at above dates.

The works to be constructed under these Contracts are as briefly described below:

CONTRACT-DIVISION 1.

A concrete Diversion-Dam about 450 ft. long on crest and of about 75 ft. maximum height.

Concrete Head and Regulating-Works to Canal.

The quantities are shown in detail in the Specifications; and are very roughly as follows:

Concrete, about..... 8,400 cu. yds.
Earth & Rock Excavation, about .....12,000 cu. yds.
Steel in Concrete, about.... 55 tons
Etc., Etc.

The total amount of this Contract will be roughly about $100,000.

CONTRACT-DIVISION 2.

A Conduit about 3.6 miles long of open canal and tunnels, along the canyon of the Stanislaus River, mainly slate rock excavation on steep side-slopes. Two tunnels about 1,000 ft. long each, one about 2,900 ft. long, remainder open canal. Entire length lined with concrete.

About 112,000 cu. yds. of Excavation in open canal; etc., etc.

Total amount of this Contract, about $300,000.

CONTRACT-DIVISION 3.

A conduit about 2.7 miles long of open canal and tunnels, in foot-hills, mainly hard-pan excavation in deep cuts. Four tunnels only 980 ft. in aggregate length, remainder open canal. Entire length lined with concrete.

About 180,000 cu. yds. Excavation in open canal, etc., etc.

Total amount of this Contract, about $200,000.

CONTRACT-DIVISION 4.

A Flume about 14½ ft. wide by 9 ft. high in inside dimensions and about 2,000 ft. long, carried on a trestle or piers of about 65 ft. maximum height and about 38 ft. average height.

Bids are asked both on a Wooden and on a Reinforced-Concrete Structure.

The Wooden Structure would contain approximately:

190 M. ft. b. m. of Redwood Lumber.
430 M. ft. b. m. of Oregon Fir Lumber.
25,000 lbs. of Spikes, Bolts, etc., etc.
Etc., Etc.

and would cost roughly $30,000.

The alternative Reinforced-Concrete Structure would contain approximately 6,700 cu. yds. concrete, 200 tons steel bars, etc., and would cost roughly $80,000.

CONTRACT-DIVISION 5.

A conduit about 3.9 miles long, of open canal except one tunnel about 740 ft. long, in foot-hills, mainly hard-pan excavation, moderate cuts.

About 250,000 cu. yds. excavation, about 60,000 cu. yds. embankment. Tunnel and embankments (about 6,000 ft. of latter) lined with concrete.

Total amount of this Contract, about $175,000.

CONTRACT-DIVISION 6.

About 6.4 miles of open canal, no tunnels, in plain, no concrete-lining.

About 300,000 cu. yds. excavation, largely hardpan.

The amount of this Contract will be roughly $130,000.

Each of above Contract-Divisions contains auxiliary structures such as Drainage-Culverts, Waste-Gates, Bridges, Drops, or Siphons, etc., etc.—all of which are shown with quantities in the Specifications and Contract-Drawings.

B. A. GOODWIN, Pres.,
E. N. PIERCE, Secy.,
Board of Directors, South San Joaquin Irrigation District.
EDWIN DURYEA, JR., M. Am. Soc. C. E.
Chief Engineer.

The South San Joaquin Irrigation District's System will be built by funds acquired by the sale of bonds. The District is organized and the bonds issued under the Wright-Bridgeford Act, a California Law governing the organization and operation of Mutual or Citizens' Irrigation Districts. Such Districts have the status of municipalities and are administered by a Board of Directors elected by the people. The districts have the power to issue bonds or to raise money by direct taxation. The bonds are a lien upon the lands. By the law, such District Bonds are 5 per cent., 30-year bonds, redeemed from the 21st to the 30th years. The bonds of the South San Joaquin Irrigation District have been subjected to attack by a Tax-payer's suit in which the suit was won by the District, and the organization and bonds were decided by the Court to be lawful in all respects. The bonds are legal investments for banks, trust-companies and State School Funds and have the same legal standing in California as other Municipal Bonds.

By the law, such District Bonds cannot be sold for less than par, and cannot be used in (direct) payment for construction-work. Under present conditions it is very difficult to sell 5 per cent. irrigation-bonds at par; hence it will be necessary for the successful bidder on any Division to finance his Contract by finding a bidder for the bonds at par up to at least the amount of his contract—and perhaps to compensate for a reasonable discount in the bonds by increasing his unit-price bids by a corresponding proportion.

The area of the South San Joaquin Irrigation District is 71,050 acres. The total bond-issue authorized is $1,875,000, or $26.40 per acre. The assessed value of the land alone, exclusive of all improvements, is $2,848,997, or $40.10 per acre. The present market value of the land, exclusive of improvements, averages $85 per acre, or amounts to $6,039,000, for all the lands of the District; and the market value will be two to three times as great as soon as the irrigation-system is completed and the land irrigated.

The present population of the District is about 3,500, and the value of its agricultural and viticultural products during 1910 was at least $2,500,000.

ASPHALT CONCRETE RESURFACE.

Camden, N. J., May 22, 1911.

Bids are invited for resurfacing the Camden and Westfield Turnpike in accordance with the plans and specifications on file in the office of State Commissioner of Roads at Trenton, N. J.; also at the office of the Clerk of the Board of Chosen Freeholders at Camden, N. J.

Material to be applied by the ton, railroad weight to govern.

Estimate of quantities: Asphalt concrete, 4,065.32 tons, Type B; 1½-inch stone, 3,677.15 tons; gravel, 3,465 cu. yds.

Bids will be received, immediately opened and publicly read at the Court House in Camden on Wednesday, June 14, 1911, at 11 a. m.

JOHN PRENTICE, Director.
J. J. ALBERTSON, County Engineer.

RESURFACING.

Altoona, Pa.

Sealed proposals will be received by the Board of Public Works, of the City of Altoona, Pa., and publicly opened at 3 o'clock, Friday afternoon, June 2, 1911, for resurfacing the following highways in the City of Altoona, Pa.:

Old Paving	Location.		Sq. Yds.
Sheet *)	6th Avenue,	2- 4 Str.	2,100
Sheet	6th Avenue,	4-12 Str.	10,490
Sheet *)	6th Avenue,	12-15 Str.	3,370
Sheet	7th Avenue,	2-17 Str.	20,160
Sheet *)	8th Avenue,	7-15 Str.	8,210
Block *)	8th Avenue,	15-17 Str.	1,160

Situations Wanted

Mechanical and Electrical Engineers

MECHANICAL ENGINEER, Cornell, '07, age 32, now mechanical engineer of large industrial plant, wishes new engagement June 1. Thoroughly experienced in power plant and general construction and repair work; capable business manager, shop superintendent or construction engineer. Address "G. E. 21," Engineering News, New York. 21-2t

Situations Open
(Or Vacant)

WANTED—College graduate, with some experience in design of R. R. bridges and masonry; salary, $75; state in full age, education and experience; enclose sample of lettering (vertical preferred). "ENGINEER, 367 South Station, Boston, Mass. 15-1t

For Sale

BIG BARGAIN
A NO. 1 CONDITION.

2 Standard National Hoisting Engines, 7½ × 10" double cylinder, double friction drum, with engine and boiler complete and swinging gear.
2 Derricks—30' mast—one 50' boom made of 10 × 12" yellow pine—one 60' boom made of 14 × 14" Oregon fir; all fittings complete.
2,400' ⅝ crucible cable.
1—40-HP. open locomotive type boiler, water front, mounted on skids, with 30' stack; all fixtures, including injectors.
4 Sullivan Drills, 3 ⅝ U. H., complete with tripods.
2—No. 2B Little Giant Rand Drills.

FOYE ROOT CO.,
Ellenville, N. Y. 21-1t

Miscellaneous Wants

Technical Bureau

with Erecting Shop and Branches in the principal cities, wishes either to represent or handle entirely the product of responsible Works in Austria-Hungary and Germany.

The above firm has traveling Mechanical and Electrical Engineers in the field, and therefore desires to represent goods which can successfully compete.

Address ANNONCEN-EXPEDITION, RUDOLF MOSSE, H. Z., 960—W. T. 9361, Vienna, Austria. 21-1t
